Humphrey Raises Hope for Tax Cut, Balanced Budget

He Speaks to Advisory Council Of Commerce Department, Adds Qualifiers to All His Statements

HOT SPRINGS, Va., May 7 (AP)—Secretary of the Treasury Humphrey reportedly has given business leaders reason to hope for both tax cuts and a balanced federal budget next year—the fiscal 1957 budget due next January.

Humphrey spoke to the Business Advisory Council of the Commerce Department at its spring meeting here. The session was closed but some of those attending gave newsmen a partial account.

The secretary qualified his op-

5 Important House Bills Become Law

For Federal, State Aid, Assistance To Blind, Eligibility

Five important bills of the House of Representatives pertaining to the assistance to the blind, eligibility, and State and Federal Aid, have been passed by both the House and the Senate and now are law having been signed by Governor Phil M. Donnelly. Representative Milt Overstreet stated this weekend. The bills are known as HCS 84, 106, 107, 108 and 110.

Rep. Overstreet stated as the signing of the bills by Gov. Donnelly will make them become law in 90 days.

"Important House Bills 29, 41, 50 and 28 pertaining to Old Age Assistance have been passed by the House and sent to the Senate," Overstreet said. The bills according to Overstreet have been in the Senate for nearly two months waiting for action of that body.

The bills pertain to eligibility and increase in funds to the Old Age. The assistance has been raised according to the House Bills from \$55 to \$65 per month.

Also the eligibility has been changed some. It is in the case where old folks reside with their children or other relatives, where assistance is not cut from them entirely. In cases where they pay rent they will not be penalized but given certain credits toward their assistance, and where they pay no rent and are living with their children or relatives, they will be given assistance but not full amounts.

One of the bills relates to old age assistance, aid to dependent children, general relief and aid to the permanently and totally disabled.

The Representative pointed out the past week was one of day and night work in an endeavor to meet the closing deadline of the Legislature on May 30.

"Both the House and Senate are in a scramble to finish some of the better bills. Committee meetings began at 8:30 a.m. and on through the day Sessions from 9 a.m. to 10 p.m.," he reported.

The House, according to Overstreet, is far ahead of the Senate in their affairs.

Federal Mediation Head Dies In Iowa; Was Native Of St. Joe

DES MOINES, May 7 (AP)—Roy B. Shaffer, 59, Des Moines, commissioner of the Federal Mediation and Conciliation Service for Iowa, died today. He suffered a heart attack April 26.

Shaffer was a native of St. Joseph, Mo. He was employed by a St. Joseph utility firm from 1917-1935 when he entered federal service as an employment director in Missouri for the Works Progress Administration.

Funeral will be at St. Joseph. Arrangements had not been completed.

A Chilly Prank

Ol' Sol must have been chuckling to himself Saturday as he hid behind the clouds and had Sedalians shivering in their shirtsleeves and crowding into store entrances to escape the hailstones.

Fair and cool night Sunday, cooler southern border, continued moderate temperatures, highs in 70s; partly cloudy Sunday night and Monday followed by showers and thunderstorms west and extreme south Monday, warmer south.

The temperature one year ago today, high 70, low 39; two years ago, high 82, low 45; and three years ago, high 59, low 47.

Sedalians to Attend Diocesan Convention At Church in Carthage

The 66th annual convention of the Diocese of West Missouri will meet Monday and Tuesday in Grace Church, Carthage.

Calvary Episcopal Church, Sedalia, will be represented by its rector, the Rev. Edward R. Sims, and by Arthur J. Morgan, Neal O. Reburn, and Henry C. Salveter. Concurrently with the Diocesan Convention, the convention of the Women's Auxiliary will meet. Calvary Church will be represented by Mrs. Henry C. Salveter.

Delegates to the Conventions will leave Sedalia Monday morning, and return Tuesday evening.

Views Traded On Big Four Meeting Plans

Dulles and Adenauer Have Paris Confab On East-West Issues

PARIS, May 7 (AP)—U. S. Secretary of State Dulles and West German Chancellor Konrad Adenauer exchanged views for more than an hour today on Western strategy for a Big Four meeting and other vital East-West issues.

They got together at the U. S. Embassy shortly after their arrival for the conference of the Atlantic community's foreign ministers.

It was the first official meeting of any of the 15 foreign ministers who have come to Paris for a crowded five-day series of conferences. They will welcome a sovereign West Germany into the North Atlantic Treaty Organization and try to weld a common policy toward world problems ranging from Germany to the Far East.

Adenauer and Dulles talked for 65 minutes. They touched also on the effect of an Austrian treaty on Germany and a possible disarmament conference with the Soviets.

Adenauer was attending the conferences for the first time as a representative of a sovereign nation. His presence could herald the establishment of a new Western Big Four—Britain, France, West Germany and the United States.

British Foreign Secretary Harold Macmillan told Dulles the British government favors an early conference of President Eisenhower, Premier Bulganin and Prime Ministers Eden and Faure on East-West problems. Eisenhower and Dulles have said they want the foreign ministers to meet first to explore the possibilities of top-level agreement on cold-war issues.

In the first move toward bringing the Germans into NATO, seven European foreign ministers tonight officially launch the West European Union. In addition to being a military alliance, this is also the device to control West German rearmament for European defense.

The seven ministers were to name a secretary general and an assistant secretary general for WEU and to set up a permanent arms commission to police their munitions production and the level of their standing armies.

They must also name a neutral commissioner for the Saar border territory. This coal-rich area will be placed under WEU's control under a French-German agreement. The commissioner will direct its foreign affairs and defense.

Other officers named Friday at the 94th annual convocation of the Masonic group were Adolph H. Roepert of Clayton, deputy grand commander; Arthur H. Raymond of Kansas City, grand generalissimo; Avery A. Drake of Rolla, grand captain general; S. C. Barnhill of Marshall, grand treasurer; Merrill B. Williams of St. Joseph, grand senior warden; John H. Rich of Jefferson City, grand junior warden; Charles L. Hickman of St. Louis, grand standard bearer, and Julius L. Johnson of Kansas City, grand sword bearer.

Ray W. Denslow of Trenton was re-elected grand recorder.

Fred Eastham of Springfield was appointed grand prelate and John H. Roth of St. Joseph, grand captain of the guard.

WASHINGTON, May 7 (AP)—The Census Bureau said today the population of the United States increased by about 25 millions in the 10 years since Victory Day in Europe, May 8, 1945.

In May 1945, the population including the armed forces overseas was nearing the 140-million mark.

The bureau estimated that on May 8 this year the figure will be 164,865,000 and that by the end of the month it will go over the 165-million mark.

Orson Wells to Marry

LONDON (AP)—Orson Wells, American actor, writer and director, filed formal notice Friday—his 40th birthday—at Caxton Hall register office to marry Italian actress Paolina Mori. The marriage can now take place any time within the next three months.

Miss Mori, who is also the Countess de Giralco, is 24, dark-haired and shapely, and has big, sparkling eyes.

Orson Wells, 40, is a tall, dark, handsome man with a mustache and a friendly smile.

He was born in Ithaca, N.Y., and grew up in New York City. He studied at the University of Wisconsin and the University of California.

Wells began his career in the theater, and later moved to the screen. He has written and directed several films, including "The Great Dictator" and "The Last Days of Pompeii."

He is currently working on a new film, "The Sign of the Cross," which is set to be released next year.

Wells is a member of the Academy of Motion Picture Arts and Sciences, and has won several awards for his work in the film industry.

He is also a devoted family man, and has three children. He lives in London with his wife, Paolina Mori.

In Missouri Press Contest—Three Awards Given To Democrat-Capital

The Democrat-Capital took honors in three separate categories in the Missouri Press Association's 1955 better newspaper contest. The awards were announced at a luncheon at Columbia on Saturday afternoon.

George H. Scruton, editor of The Democrat-Capital, was on hand to receive the awards: second place for general excellence among daily newspapers of Missouri, second place in typographical improvement among Missouri dailies and honorable mention for best editorial among Missouri dailies.

The only daily newspaper throughout the state to top Sedalia's in general excellence was the Columbia Missourian, laboratory newspaper of the University of Missouri's school of journalism, while the Grant City Times-Tribune was declared the best weekly newspaper in the state.

Third place in general excellence among dailies went to the Carthage Evening Press, and the Clinton Democrat and the Moberly Monitor-Index received honorable mention.

Among the weeklies, the DeSoto Jefferson Republic and the Savannah Reporter received second and third prizes, respectively. Honorable mention went to the Hillsboro Jefferson County Record and the Stanberry Headlight.

First place in typographical improvement among dailies went to the Cape Girardeau Southeast Missourian, which also was the only Missouri daily to reach the finals in the recent Ayer national newspaper contest won by the New York Herald Tribune.

The Moberly Monitor-Index and the Independence Examiner tied for third place in typographical improvement.

The Cape Girardeau newspaper also won first place in best editorial, with the Nevada Mail-Herald second and the Columbia Missourian third. Sharing honorable mention with The Democrat-Capital was the Clinton Democrat.

Named among the blue ribbon weeklies of the state was the California Democrat. C. L. Blanton, Jr., publisher of the Sikeston Standard and president of the Missouri Press Association, presided at the luncheon.

Cash Awards Are Being Made—

Nelson Contestant Wins First Prize With Clean-Up Essay

Catherine Scott, Nelson, won first prize of \$10 in The Democrat-Capital's contest for the best essay in 100 words or less on "What I Can Do to Help Make My City Beautiful."

Announcement of her winning was made by a committee of judges consisting of Mrs. Forrest L. Drake, Mrs. C. E. Van Horn and Mrs. Herbert Seifert. The committee was chosen by Mrs. J. W. Boger, general chairman of the Chamber of Commerce project of Clean-Up, Paint-Up, Fix-Up Week.

The second prize of \$5 went to Mrs. Florence N. Collins, 629 East 11th, the third prize of \$3 was won by Mrs. W. A. Korando, 1410 South Beacon, and the fourth prize of \$2 went to Mrs. Gladys Cooper, 1806 South Prospect.

Five additional prizes of \$1 each went to: Mrs. Frank Monroe, 232 South Kentucky, fifth; Mrs. Claib Harlan, 1020 South Montebello, sixth; Mrs. John V. Harris, 1214 South Osage, seventh; Mrs. W. P. Tucker, 1321 South Kentucky, eighth; and Mrs. James Lowry, 641 East 19th, ninth.

The contest was announced at the beginning of Clean-Up Week and entries were accepted all during that week. It was open to anyone except employees of The Democrat-Capital or their families.

The Nelson entry, oddly enough, was the only one from outside Sedalia. It follows in its entirety:

"I can STOP—thinking clean-up week begins with the other fellow. I can LOOK—at my own home and premises with the same critical eye I use when I look at the home of my neighbor, or the one on the other side of town."

"I can LISTEN—to the voice of my conscience when it tells me to be ruthless in eliminating every bit of trash, every useless item saved for no good reason, everything that detracts from the appearance of my home."

"I can BE CAREFUL—that my home does its part in making the city beautiful."

ST. LOUIS, May 7 (AP)—Andrew Suthoff of St. Thomas, 31-year-old dairy farmer, tonight was named as Missouri's outstanding young farmer by the State Junior Chamber of Commerce at its annual convention.

Suthoff will represent Missouri June 1-3 at Minneapolis, Minn., where America's four outstanding young farmers will be picked. The U.S. Junior Chamber of Commerce and the American Petroleum Institute are conducting the program.

Runner-up in the state competition was Don L. Heath, King City, who operates a beef and hog farm in partnership with his father.

Third place winner was Burrell N. Harris, Kirksville, who developed a model dairy farm. He also runs a beef herd.

Both Heath and Harris also are 31 years old. The three top men were selected from a group of 160 young farmers ranging in age from 21 to 36.

They were selected by a committee composed of L. C. Carpenter, commissioner of agricultural administration; Murray Colbert, treasurer; Ray Burditt, Farm Home state ASC chairman; Oscar Bruce State Soil Conservation Service and Frank Graham, Agriculture Extension Service, all of Columbia.

Suthoff, the father of four children, operates a 177-acre dairy farm in Cole County which increased greatly in value, the committee said, despite severe drought conditions.

The three winners received engraved plaques, which were presented by Linder Brown, Springfield, and Earl Straub, Columbia, co-chairmen of the Jaycee agriculture committee, with State Jaycee President John Renick of Kansas City presiding.

Membership Success Brings Sedalia Five Concerts Next Season

The Sedalia Community Concert Association drive for membership has been so successful that five, rather than four, concerts will be possible next season without any increase in the price of season membership tickets, according to Ralph Carrel, president of the association.

Appearing next season will be: the Tucson Arizona Boys Chorus; David and Maria Lloyd, tenor and violinist; Natalie Rysina, pianist; Jan Rubes, bass-baritone, who has been rated Canada's greatest singer; and the Angelaires, five harpists who recently made a hit on the Ed Sullivan Toast of the Town television show.

Legislature's Decisive Week Is Coming Up

All 1955 Session's Record Is at Stake; Major Bills Waiting

JEFFERSON CITY, May 7 (AP)—The make-or-break week is coming up for Missouri's Legislature.

The 1955 session's whole record hangs in the balance. Originally leaders of both houses planned to stop actual floor work by May 13 to provide time for final clerical chores.

But with most of the major bills still to be passed, it looks now as if the floor action will continue beyond that—how long no one knows. The only firm deadline is the constitutional requirement that the session must end May 31.

Nothing can be done beyond that time unless Gov. Phil M. Donnelly calls the legislators back for a special session. Neither the governor nor the legislators want that if it can be avoided.

Appropriation bills almost caused a special session crisis two years ago. This time members of the joint Senate-House committee working out final compromise figures report that no serious conflicts have developed. Most of the big money bills should be ready for final action by Monday or Tuesday.

But the basic question of raising the money to pay for the appropriations is still unanswered. That issue, closely tied in with the problem of providing additional state aid for schools, is still far from settlement.

One big revenue measure is out of the way. The governor's plan to issue \$75 million in bonds for new buildings at state penal, mental and educational institutions already has been passed by both houses.

It is ready for decision by the voters, who probably will be asked to pass on it at a special election within a few months.

'Hot Rod' Moore In Hot Water Again On Traffic Conviction

BOWLING GREEN, Mo. (AP)—A default judgment, upholding a 60-day jail sentence and \$100 fine, has been issued against Robert H. (Hot Rod) Moore, 23, of St. Louis, because he failed to appear in court.

Circuit Judge James D. Clements issued the judgment Friday after efforts to locate Moore or his attorney were unsuccessful.

Moore was sentenced in 1953 for speeding and reckless driving in Glendale, Mo. He appealed to the St. Louis County Circuit Court and the case was transferred here on a change of venue.

Last January Moore was released after serving half of an eight-month sentence at Mexico, Mo., on another traffic conviction.

Total Membership Is 567—

Pettis 4-H's Arrange Big Program of Activity for '55

Thirty Pettis County 4-H Clubs will be striving to make this a banner year for 4-H Club work. Two hundred ninety boys and 277 girls have enrolled in the program bringing the county total to 567.

Leading these 30 clubs are 31 community leaders and about 300 project leaders.

One of the highlights of the club year is the outstanding number of Junior Leaders enrolled this year. Thirty-two boys and 45 girls have selected this project. The Junior Leadership project is designed for older, more mature members who are capable and willing to accept more responsibility.

Some 447 home economic projects and 532 agricultural projects are being carried on an average of almost two projects per member. A project breakdown is as follows: Clothing—197 members and 101 leaders; Food Preparation—136 members and 50 leaders; Home Furnishings—49 members and 23 leaders; Food Preservation—29 members and 15 leaders; Home

Confusion Follows Federal Reversal On Polio Vaccine

Surgeon General Recommends Halt to Inoculation Programs Until Announcement on Findings

WASHINGTON, May 7 (AP)—Confusion gripped the nation's anti-polio campaign today after the government suddenly reversed itself and urged a halt in the mass inoculation program—at least until tomorrow.

The U. S. Public Health Service announced in a predawn statement that its latest conclusions about the Salk vaccine, released to the public with high hopes less than a month ago, will be made public tomorrow afternoon.

Pending the Sunday announcement, the statement said, "the surgeon general recommended that states and municipalities postpone their vaccination programs."

This reversal of previous urging that the nationwide inoculation of first and second grade school children go forward, repeated only yesterday by Surgeon Gen. Leonard A. Scheele, brought a deluge of telephone calls from perplexed health officials.

For the most part, however, the reaction appeared to be one of wait-and-see.

With some exceptions, the few areas which had scheduled Saturday inoculations called them off. One of those exceptions was in Detroit, where Wayne County officials said their clinics would remain open Saturday to inoculate children who previously missed their turn.

Many health officials continued to express confidence in the vaccine, while others showed an inclination to await further assurances from Washington.

Michigan's state health commissioner, Albert Heustis, commented:

"We have ample evidence that in Michigan, at least, we are dealing with a safe and effective vaccine. We have been unable to get anything specific out of Washington as a reason for changing the program. All we do is read the press releases."

At Ottawa, Canadian health authorities decided that the Salk vaccine used on Canadian children is safe and there will be no change in the program.

Highway Commission Approves Road Work In Missouri Counties

JEFFERSON CITY (AP)—The State Highway Commission okayed low bids Friday totaling about \$3,787,506 for improving 40 miles of major system highways and 164 miles of supplementary highways.

Peter Kiwit Sons Co. of Omaha was approved low bidder at \$501,653 for widening to 24 feet and resurfacing 18.8 miles of U.S. 50 in Osage County between Loose Creek and the Gasconade County line.

Low bidder at \$365,216 for widening and resurfacing 14.1 miles of U.S. 71 in Bates County was Reno Construction Co. of Overland Park, Kas. The stretch is from the Cass County line to south of Butler.

Howard Construction Co. of Sedalia was low bidder at \$683,216 for paving, grading and bridging 4.8 miles of U.S. 136 in Gentry County.

Kansas City Bridge Co. was low at \$163,500 for removing the old Missouri River bridge at Jefferson City, and Howerton Electric Co. of Jefferson City bid \$5,770 for lighting the roadway to the new bridge.

Illinois Valley Construction Co. of Ottawa, Ill., bid \$379,307 and was low for relocating 2.4 miles of U.S. 169 in Clinton County across Castile Creek.

At the murder trial Ray A. Tipton, 26-year-old truck driver, told of delivering to Mrs. Callahan the rifle used in the slaying of her husband John J. Callahan, 31, last January.

Tipton pleaded guilty in the case already is serving a life sentence.

INSIDE STORIES

Today we salute the Sedalia high school seniors who are nearing graduation. Pictures of the Smith-Cotton and Sacred Heart seniors will be found in the special second section, along with news of the wind-up activities.

Mrs. Annabelle Lee is one of Sedalia's many teachers who soon will complete another year of guiding the young people on their way. Her story is on Page 7, Section 1.

You Western fans will be happy to know it's almost roundup time in Missouri again—down at the J-Bar-H Rodeo in Camden. Dates and details are on Page 13, Section 1.

Regional Library Notes—

Discussion Groups In Area Work on Community Affairs

Family Relations and Community Betterment discussion groups have been held in ten communities in the Boonslick Regional Library area during the past year. At these group meetings adults considered the aims of good parent - children relationships, the standards of their schools and the ways in which they and their schools might cooperate better. They considered reading in the home, recreation in their communities, health and other topics of vital importance. Some groups talked about segregation, retirement, or their church in their community.

In the evaluation sheets which they filled out at the close of the series, most participants remarked that an exchange of opinions helped them all. One remarked that her family was more normal than she had thought. Several commented that a chance to get together with their neighbors to solve problems was a help. But if nothing else was gained this remark from a housewife would be worth the series. "I have learned to talk over my children's problems with them more freely." Those groups with excellent leadership and the greatest number reading all the material returned the best comments but according to the general consensus of opinion, all groups have a strong interest in continuing some kind of group work.

At the Boonslick Regional Library Board meeting last week it was decided to carry on adult education activities and an amount was set aside in the budget for materials for these projects with the stipulation that it will be placed in the regular book budget if it is not used by these groups. A nice collection of books and pamphlets on the subjects used this year is available for general use next year. Miss Verna Nistendirk, librarian, stated that some help in leadership training will be available, either through the Missouri State Library or through the

American Library Association. The materials used will have to be supplied through the local library.

Reading lists used by the Boonslick groups were duplicated and distributed in quantity by the Agriculture Extension Service to all county home agents in Missouri and by the Missouri State Library to all libraries in Missouri. An exhibit of some of the books used by the groups was displayed at regional training meetings by Mrs. Kathryn Zimmerman, State Extension Agent. A demonstration discussion was included in the program of the Library Trustees meeting in Sedalia and also in the program given for the Cooper County Council of Extension Clubs.

Those interested in any type of adult education activities for next year should contact the library. Discussion groups, film centered groups on a given subject or other activities will be considered. Organizations or interested individuals in the area may start such a project.

Students Visit Jefferson City; Plan Graduation

By Pauline Chamberlin

The Hughesville school's fifth, sixth, seventh and eighth grades went to Jefferson City Friday, April 29 on an educational trip. The group went through the capitol building where they saw many interesting exhibits, offices and rooms where governmental affairs are carried on. After the visit to the capitol they went to the park where they had their lunch. There were two bus loads of students with their teachers, Frank Diefendorf, fifth and sixth, and Mrs. Paul Sanders, seventh and eighth. The bus drivers were Wesley Newton and Edwin Martin. Paul J. Vannatta, superintendent, and Mr. Sanders also accompanied the group.

Eighth grade graduation will be May 17. There are 19 in the class. Their names are Charles Thompson, Wanda Williams, Brenda Weathers, Doris Wallis, Judy Ramsey, Ethel Jeffries, Sammy Scott, Delores Simmons, Gary Powell, Joy Phillips, Larry Olson, Larry Mueller, Larry Callis, Judy Greer, Barbara Hoos, Gaylen Gray, Sherry Nagle, Mary Roberts, and George Lindeman. Last Wednesday Mr. C. F. Scott gave the examination at the school. All the students passed the test, with Larry Callis scoring the highest grade.

Tuesday the boys and girls played the last softball game of the year with Houstonia School and were beat on the Houstonia field.

Weather Bureau Tries New Electronic Brain For Sharp Forecasts

SUITLAND, Md. (AP)—The Weather Bureau is trying out a complex electronic brain in its quest for more accurate forecasts.

The brain—a big roomful of calculating equipment—turned loose its first experimental forecast Friday night. It dealt with the nation's weather pattern for today.

Bureau officials said the brain—built by International Business Machines Corp. and leased to the government for \$20,000 a month—will make only one forecast a day for a while. Later it will be used for two forecasts daily.

The bureau said the device—designed to relieve personnel of many mathematical calculations—will be able to correlate past and current weather information and then arrive swiftly at a general forecast.

Bureau officials said they expect it won't be too long before the brain will be predicting basic weather developments over the entire world.

Ride Through Park Interrupted by Duck Flying Through Glass

LOS ANGELES, (AP)—Anne Lyke forgot to duck and she was hit by one while riding a street car. That's her story.

Miss Lyke, a telephone operator, was sitting in a front seat when the window crashed Friday. She told a reporter:

"I said, 'What was that, a stone?' and the motorman shouted, 'It's a duck.' Sure enough, there at my feet was a big brown duck. The motorman got out and put it back in MacArthur park, in which we were riding."

Then she added: "Somehow, when I tell people just what happened they look at me intently and ask, 'Where have you been?'"

It took two stitches to close the wound in her left instep, caused by the flying glass.

STRIPED COLLEGE SCHOOL—Striped College Eighth Grade graduation was held Tuesday, April 19 at 8 p.m. Those graduating were: standing, Leland Finley, Caroline Staley, Mary Bohon, Carolee Shirley, Patty Jo Rodewald and John Dale Hansen; seated, Joyce Kroeger, teacher; Mrs. Don McQueen and Virginia Leiter.

Negro Council Discusses City Safety Problems

The Negro Community Council of Sedalia met Thursday at the home of its president, Carl Abbott. Growing out of an earlier meeting and this meeting, several matters were brought forward for the improvement of safety in the community. The civic committee of the Council is now working on these matters.

Following the period of business, a free discussion on integration in the public schools was introduced. In this discussion the progress of school integration in various communities was reviewed and the possibilities in our local community were evaluated.

It was also brought to the attention of the group the cooperative attitude that has been shown by the park board with the Negro Community Council throughout the years. Through his cooperation the Hubbard Park swimming pool was built, a shelterhouse was provided, toilet facilities installed and recently a new grandstand has been completed at the newly relocated ball diamond.

4-H Clubs Planning Cuiver Park Camp-Out

Members of the Cooper and Howard county extension office staffs are planning a 4-H camp to be held at Cuiver River State Park. The camp is scheduled for June 7-10. Ray Kimmel, Howard county Extension agent will be the director. The group plans to go to St. Louis one day during the camp to visit manufacturing plants and Forest Park. Mrs. H. M. Brownfield of Pilot Grove is the Cooper county president.

Auditors, Accountants Needed by Government

The Defense Department has openings for young men qualified as auditors and accountants. Beginning salary is \$3410 with \$4205 after a six months training course. Applications will be accepted until Aug. 1, 1955, and announcements can be obtained at the post office or from the U. S. Civil Service Commission in St. Louis.

Max Fischer Gets NROTC Training On Scholarship

Max Fischer, son of Mr. and Mrs. Max Fischer, Oakmont, Pa., former Sedalians, and grandson of Mrs. Gertrude Fischer, 322 North Brown, has been chosen to receive a full four year NROTC scholarship.

Max is one of 14 boys selected for special work in the entire United States for the Navy program this year. He will enter Dartmouth in the fall to study electrical engineering associated with electronics.

The family moved from Port Clinton, Ohio, to Oakmont, Pa., this year and Max has been very active during his senior year in public speaking. He is president of the Forensic Club, a member of the National Forensic League (honorary society for public speaking) entry in the Hearst Newspaper Oratorical Contest and a member of the cast for the Senior Class Play. An honor student, he is also a member of the OHS Band, the Senior Dramatic Club and the Math Club.

His mother is the former Dorothy Clark.

Albert Wuelfing Plans Lecture On Opera Music

In decided contrast to last week's subject matter, Albert Wuelfing will discuss "The Opera" at his music appreciation session on Monday evening. "Last week's topic, the sonata, is of course 'absolute music,' as are also the symphony and the concerto," he said in speaking of his plans for the coming lecture. "However, in opera the emotions are demonstrated. That is, the meaning is made clear—spelled out in words and action—while in absolute music the meaning is left to the imagination of the listener."

Some of the recordings which will be used as demonstration material are Emmanuel List singing an aria from Strauss' "Rosenkavalier," an excellent duet by Maria Corelli and Rudolph Schrock in "O terra addio" from "Aida," and a rare item of interest, Caruso singing "O Paradiso" from Meyerbeer's "L'Africana."

The lecture and demonstration, which is the eighth in a series of ten, will be given Monday evening at 7:30 at the Sedalia Public Library, and is open to the public.

Famed Negro Editor Dies in Kansas City

KANSAS CITY (AP)—Chester A. Franklin, 74, owner and publisher of the Kansas City Call, one of the leading Negro newspapers in the country, died early Saturday of a heart attack.

Franklin founded the Call in 1919 and was still active in its publication at the time of his death. The paper is widely distributed in the Midwest and western states. Franklin, a friend of former President Harry S. Truman and one time Republican presidential candidate Alf Landon, was a militant fighter for civil rights.

He is survived by his wife, Ada C. Franklin.

Frank Witte

Frank Witte Celebrating 90th Birthday

Frank Witte will celebrate his 90th birthday on Sunday, May 8, with relatives and friends.

Witte was born in a little town called Sophienthal, near Berlin, Germany, on May 6, 1865.

On Nov. 7, 1883, with his father, he came to Ontario, Canada. His father later returned to Germany.

While in Canada, Witte worked for the Canadian Pacific Railroad for four years and then came to Alma, Mo., where his uncle, Carl Schmidt, and his family had settled.

There he married Alvina Buck, April 21, 1891. He worked for the C and A Railroad there for a number of years.

In 1905, he and his family moved to Sedalia where he went to work for the Missouri, Kansas and Texas Railroad until he retired in 1936 after 51 years of railroad work.

In 1911, he returned to Berlin and his homeplace in Germany for a three-month visit with his mother, two brothers and three sisters. His only living relatives there now are nieces and nephews who live in the Russian zone of Berlin.

One nephew, Arthur Witte, came to America and now lives at Chehalis, Wash.

Witte is a member of St. Paul's Lutheran Church. He and his wife celebrated their golden wedding anniversary in 1941 with relatives and friends attending church together. At that time they renewed their marriage vows.

In the afternoon a reception was held for about 75 guests with the late Rev. H. H. Heidbreder and the Rev. Fred Mehl, Concordia, conducting a brief thanksgiving devotional.

Three children are living in Sedalia: Mr. William Witte, 1727 South Barrett; Mr. G. E. Witte, 608 West 16th; and Mrs. W. A. Coester, 619 West 23rd, with whom he has made his home since his wife's death in 1945.

Witte has ten great-grandchildren: Reinhold and Gerhart Wiesner, Chicago; Mrs. Bill Lytle, State Fair Blvd.; Mrs. James Yeager, 210 West Seventh; Johnny Witte, 608 West 16th; Mrs. James Williams, Henrietta, Mo.; Mrs. William Luckie, Uvalde, Tex.; and James Witte, Arkansas City, Ark.

Punch-line to the year's hottest power story—

Chevrolet "Turbo-Fire V8"!

There's only one way you'll really discover the hottest power story of the year. Get aboard a new Chevrolet that packs a bundle of velvety TNT under the hood—the new "Turbo-Fire V8"!

For this is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the

first two places—and six of the first ten—went to Chevrolets. And in acceleration runs from a standing start against all comers, Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry (that means less piston travel... longer engine life!) And it delivers the highest power per pound of any V8 in the low-priced field. It's so efficient that it requires only four quarts of oil instead of the usual five

... needs less radiator coolant, too. It's the most modern V8 under any body's hood!

But the thing you'll like most is the way it puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower with the new "Turbo-Fire V8" and if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at extra cost) puts 180 h.p. under your toe.

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to every one else on the road!

No other low-priced car has any—no high-priced car has all—of these great Chevrolet features!

Body by Fisher—You see it on some of the highest-priced cars. Nine engine-drive choices in any model—The greatest choice going, 12-volt electrical system—Twice the voltage of other low-priced cars. Anti-Dive braking—A Chevrolet exclusive for heads-up stops. Outrigger rear springs—Wide-spaced for steady cornering. Ball-Race steering—Turns on ball bearings. High-Level ventilation—Cleaner, fresher air. Double-Arch coil construction—Extra strength and safety.

Electric Iron Is Used To Torture Elderly Couple; \$700 Taken

NEOSHO, Mo. (AP) — Using an electric iron as an instrument of torture, three men Friday night robbed an elderly couple of an estimated \$700.
Sheriff Floyd Wolfe of Newton County said the three men entered the home of Mr. and Mrs. John Smith, about 12 miles northeast of here, last night and spent an hour and a half ransacking the place.
The Smiths were tied up. After collecting some rare coins, and \$201 in silver dollars, the men applied an electric iron to Smith's feet in an effort to force him to reveal the hiding place of additional money.
The sheriff said when Smith couldn't give them the information, they threatened to torture Mrs. Smith, but did not carry out the threat when she assured them that was all the money in the house. Among the loot was a \$10 gold piece which they took off a watch fob.

Ex-Sedalian Seen In Leap Into River

Coast Guard Seeks Kenneth Burkhardt In The Mississippi

It was learned in Sedalia Friday night that Kenneth B. Burkhardt, 26, former Sedalian, had jumped from the Mississippi River Veterans bridge between St. Louis, Mo., and St. Louis, Ill. Burkhardt resided in Sedalia for about six months and was with KIRO-TV as an announcer, and while he resided at 1316 South Stewart.

He will be remembered as having been on the radio program "Party Time" at the local station.

Burkhardt came to Sedalia about the middle of 1954, brought here by Milt Hinein when KIRO opened their TV station. He came here from Illinois and when the station closed down temporarily January 1, 1955 he was released and returned to Illinois to reside at Saunton, Ill.

Friends who learned of the incident Friday night recalled receiving letters from Burkhardt several days ago stating he had just been released from a hospital. No information was contained in the letters to indicate what his ailment was.

An Associated Press story from St. Louis gave this account of the incident:

Coast Guard boats tonight searched the Mississippi River here for a man seen by Patrolman Otto Glee, for plunging into the river from the Veterans Bridge.

In East St. Louis, Ill., police said papers in a billfold, found in a car parked on the Illinois side of the bridge, bore the name Kenneth B. Burkhardt, 26. A driver's license showed his home to be Saunton, Ill., but other papers indicated Burkhardt formerly lived in Sedalia, Mo., police said.

Glee said the man plunged from the railing as the officer approached him. At first the man appeared to be swimming, but he disappeared as the current swept him southward.

Farms Incorporation At Morely, Mo., Files Bankruptcy Petition

MEMPHIS, Tenn., May 7 (AP)—Butler-Foster Farms, Inc., of Morely, Mo., today filed a voluntary bankruptcy petition in federal court.

L. V. Butler, former millionaire commodity speculator of Memphis, is a member of the Missouri firm which is headed by Robert V. Foster.

Butler recently was sued for \$4,470,708 by two firms which claimed the speculator sold them warehouse receipts for 1,800,000 bushels of nonexistent soybeans. He since has filed for voluntary personal bankruptcy.

Today's petition listed \$817,068 as liabilities, of which \$179,320 was secured claims and \$636,697 unsecured claims. Assets were listed as \$373,663.

The firm was engaged in buying, storing and shipping planting seeds, fertilizer, farm supplies and grain.

Sedalia Youth Struck By Car, Slightly Hurt

Walter Jones, 16, of 508 West Jefferson, was slightly injured about 10:12 p.m. Saturday when struck by an automobile in front of 316 West Henry.

Jones was taken to the Bothwell Hospital where he was examined by Dr. A. R. Maddox for injuries to his right arm and right leg. He suffered severe bruises but no fractures as first thought.

Claude Herndon, 23, 110 North Washington, was picked up by the police on a city warrant issued in connection with the incident. He is held in the city jail.

Invisible Vaccinations

OMAHA (AP)—Doctors following the modern trend of putting vaccination marks where they won't show on little girls who later will wear formal gowns or swim suits, created a problem. A school nurse sent a first-grader home with this note:

"Our records show your daughter vaccinated twice. I can't find them. Please inform me of location of vaccinations."

Missouri Boys Town Officially Dedicated

ST. JAMES, Mo., May 7 (AP)—Boys Town of Missouri was officially dedicated today.

Boys Town was founded six years ago by William F. James of St. Louis but had never been formally dedicated.

Most of the 2,300 residents of St. James were on hand for the ceremonies.

Lt. Gov. James T. Blair, the principal speaker, said "This is an important occasion because we are dedicating an institution which fights juvenile delinquency and gives friendly boys a helping hand to maturity and good and valuable citizenship."

U. S. Sen. Thomas C. Hennings, Jr., (D-Mo) who had been scheduled to speak at the ceremony, was unable to attend.

War Mothers Organize Local Chapter to Assist Hospitals

The Sedalia Chapter of the American War Mothers was organized Tuesday evening at the Elks Club Room when 16 members of the Kansas City and Independence came to Sedalia for that purpose.

The objective of the organization is to help in hospitals, sewing or doing whatever might be done in the homes and sending money for recreation for the invalid boys in the Veterans Hospitals, such as money to buy prizes for games.

The members will be sent materials of various sorts to work on such as covers, bandages, shawls and other things needed and used by the men in the hospital. Women of the chapters near Kansas City spent eight hours a month in the hospital and this is even done by clubs as far away as Higginsville.

Among those making the trip to Sedalia were Mrs. Ralph F. Linde, Missouri state president; Mrs. V. A. Hoffman, state second vice-president; Mrs. H. M. Thomas, state fourth vice-president; Mrs. John J. Dodson, state corresponding secretary of Northeast Chapter; Mrs. Theresa Sooter, president of the Mt. Washington Chapter; Mrs. Luther Bell, president of the Kansas City Chapter. There were about four members from each chapter attending.

The charter was presented and temporary officers were appointed and installed as follows: Mrs. Del Imberger, president; Mrs. Charles Weller, first vice-president; Mrs. John Devine, second vice-president; Mrs. Tom Delph, third vice-president; Mrs. William Sims, corresponding secretary; Mrs. Earl Paxton, recording secretary; Mrs. Robert Hogan, treasurer; and Mrs. Herbert Bellmer, chaplain.

A very beautiful and unusual installation ceremony was put on

with Mrs. Linde as installing officer, assisted by two color bearers and the sergeant at arms.

The charter will be open for new members for 60 days and anyone interested in becoming a member may call Mrs. Imberger or Mrs. Sims.

Roberts Case Is Upheld By Top Court

TOPEKA, Kan. (AP)—The State Supreme Court has ruled the state of Kansas could not recover \$110,000 spent for a hospital building in a deal arranged by Wes Roberts, former Republican national chairman.

Roberts, who at the time held no state or party office, arranged the sale to the state of the building, built by the Ancient Order of United Workmen, on the grounds of the state tuberculosis sanatorium at Norton. He received a fee of \$11,000. The deal was arranged soon after he resigned as state chairman.

An investigation was made by a legislative committee into the transaction in 1953, shortly after Roberts had been appointed Republican national chairman.

The committee said in its report Roberts had violated the spirit of the state's lobbying laws. He resigned as national chairman soon afterward.

The state attorney general filed suit to recover the money. The suit was dismissed in District Court and the Supreme Court upheld the lower court today.

Roberts, reached at his home at Holton, Kan., declined comment.

Green Ridge Church Groups Hold Meetings

By Mrs. Verna Palmer
GREEN RIDGE — The Presbyterian Women's Association of the Green Ridge church held its first meeting since its organization at the church on Thursday, May 5.

The women spent the morning quilting and doing other needle work. The executive board held a meeting at 10:30 a.m. to decide some questions pertaining to the new organization, with the president, Mrs. A. M. Kendrick, presiding.

The contributive dinner served at noon was in charge of the executive committee. Following the dinner, the fellowship chairman of the association, Mrs. Loy Smith, held a committee meeting with the fellowship chairman of the four circles.

The president, Mrs. A. M. Kendrick, called the association members to order and Mrs. A. N. Baker opened the meeting with prayer. During the business meeting various phases of business were taken care of and various committees appointed. The new constitution was read by Mrs. Glen Heck and after an amendment, was adopted by the association.

The time of the circle meetings will be changed after the third Thursday in May. Beginning in June the circles will meet the second Thursday and the association will meet on the fourth Thursday of each month.

Mrs. Kendrick thanked the TNC class for painting the kitchen and other rooms in the basement. She also thanked the Miriam Circle for cleaning the church recently.

Following the business meeting, the program and devotional service was presented with Mrs. J. M. Palmer as the leader. The program opened with a vocal solo, "Trees," by Mrs. Floyd Egbert, accompanied by Mrs. L. B. Beach. A short devotional service followed with Mrs. D. D. Davis as the leader and Mrs. Palmer as leader.

An arrangement of green branches, symbolic of a tree, in which the devotional service was centered. A number of scripture passages were quoted by Mrs. Davis in which the tree was symbolic.

The program was in the form of a panel discussion in which the following women, Mrs. L. H. Wadleigh, Mrs. Earl Hinken, Mrs. L. B. Beach, Mrs. Lewis Dunlap formed the panel of discussion with Mrs. J. M. Palmer as the leader.

The women were seated at tables on which the following signs in large black letters were placed: Hinduism, Buddhism, Islamism and Animism. During the discussion, Mrs. Wadleigh told interesting things about the religion of Hinduism. Mrs. Earl Hinken discussed the religion and background of Buddhism. Mrs. L. B. Beach told about the religion and history of Islamism and Mrs. Lewis Dunlap told of the many strange characteristics of the religion of Animism, which is the native religion of Africa.

Time Out for a Family—

Mrs. Anna Belle Lee Realized Ambition From Childhood When She Started Teaching

As far back as she can remember, Mrs. Anna Belle Lee, wife of Wilfred C. Lee, had wanted to be a teacher. She played school as a little girl and planned to teach when she grew up. After all she came from a family of teachers. Her mother's aunt, her sister and her sister-in-law all taught school in Johnson County for many years and with so many aunts in that profession she knew she just couldn't ever be anything else. She liked to go to school, too, and that was another thing that made her want to teach—she liked her teachers. If she had it to do over again she would again choose teaching or something that paralleled it very closely—library work.

Mrs. Lee was born five miles northeast of Knob Noster, the daughter of Mrs. Eva Butterfield Marshall and the late Charles S. Marshall. She was graduated from rural Cana School and completed the teacher preparatory course for high school credit at CMSC, Warrensburg. After earning a year of college credit, having finished five years work in three years, she taught for two years at Oak Grove School southeast of the family home.

Getting those final two years at CMSC wasn't easy. She worked her way through with jobs in the library, the cafeteria, grading papers and other things, and then she received the YWCA scholarship for her senior year.

Specializing in English and social studies she was graduated with AB, BS and BS in education degrees.

Mrs. Lee was elected to Kappa Delta Pi, national honorary teachers' fraternity, and was on the honor roll for proved leadership because of campus activities. It was in August, 1933, that she received her MS in education from CMSC after she had married, reared a family and went back to teaching again.

Anna Belle's romance came in college for in her class was Wilfred Lee who was the senior class president. She married him later and taught one year after her marriage. Then she had a family and settled down to being a good wife and mother. Mr. Lee has been

employed by the Missouri Public Service Co. for the past 27 years and was transferred to Sedalia from Warrensburg in April, 1948. By that time their two sons, Wilfred, Jr., and Thomas had reached the age when she could go back to her profession so she was teaching English in Knob Noster when the family moved to Sedalia.

There was no vacancy in the English department at Smith-Cotton when she applied so she agreed to teach in the upper grades. As a project for graduate credit at CMSC, she prepared for teaching social studies in the fifth, sixth and seventh grades, including correlations with art, English and music. She has as much college credit in social studies as in English, and now finds she prefers social studies.

And so, since 1948 she has been teaching at Whittier School, with the sixth grade as home room and fifth, sixth and seventh grade social studies.

In her method of teaching Mrs. Lee uses class discussion, reports and visual aids. The latter includes bulletin board displays, motion picture films, film strips, slides, maps, and when possible objects from various countries and regions. She has also had people talk to the children and show their collections from other countries. With the aid of other teachers she correlates other subjects with social science as much as possible. Another thing she has found to interest the children and keep them up with things going on in the world in which they live, is the discussion of current events. One period each week in the sixth and seventh grades she devotes to current events.

Her greatest thrill, says Anna Belle Lee, is hearing of successes of her former students.

There really are three greater thrills than that though, and their names are Linda, Richard and Cynthia. They are her three small grandchildren, the youngsters of Wilfred, Jr.

Before she returned to teaching, Mrs. Lee was active in community organizations and projects in Warrensburg where the family lived. She was a member of the Board of Managers of Missouri Congress of Parents and Teachers 1940-49.

Here in Sedalia, she finds time to do things, too, in addition to

teaching and keeping house. She is vice-president of the Sedalia Community Teachers' Association, a member of the Broadway Presbyterian Church, the Sedalia Branch of American Association of University Women and the Whittier PTA.

Mrs. Lee enjoys growing flowers and like all teachers who have their heart in their work she likes to collect pictures and other materials for classroom use. Reading is another one of her hobbies and she likes to travel but she has been unable to do as much of that as she would like to do.

In Mrs. Lee's home are many family heirlooms which include a hand-loomed coverlid, furniture, books and numerous other things, some over 100 years old.

The two sons of the Lee family followed in the footsteps of their parents, one taking up the work of the mother the other the work of the father. Wilfred, Jr., is a social science teacher in the high school at Delano, Calif. The other son, Thomas, who is a graduate of Smith-Cotton, and married to the former Carole Pile is employed in Warrensburg by the Missouri Public Service Co.

It is a busy, happy life that Anna Belle Lee lives with every thing dear to a woman's heart having been hers, romance, marriage, motherhood, and now the joy of being a grandmother. Still, along with it all she has clung to the profession that was her childhood ambition. She worked hard to earn the education that she might be a teacher. And so, through the years she has woven the love of her family and the love of her profession into a successful career a career that continues on and upward into the bright future that lies ahead.

Pennsylvania Railroad Announces Return Of Steam Locomotives

PITTSBURGH (AP) — Take heart, railroad fans. All is not lost. The "iron horse" is making a comeback.

Steam locomotives, long cold and retired to side tracks while diesels took over, are back on the main line of the Pennsylvania Railroad.

J. A. Appleton, a PRR vice president, says more motive power is needed to move booming freight business. About 30 steam locomotives have been reconditioned at the Altoona, Pa., shops for the return. Eighteen are back on the job and the others are ready to work up a head of steam at a moment's notice.

Art Exhibition Held At Lincoln School; Seniors Take Trip

An industrial art exhibit was held at 10:30 a.m. Friday at Lincoln school. Robert Gonser was in charge of events. Participating were Lincoln, Hughesville, Warsaw, LaMonte and Smithton.

Eighteen Lincoln High School seniors recently went to Noel, Mo., on the senior trip after seeing a baseball game between the Yankees and the Athletics in Kansas City. Ray Nelson, superintendent, Mrs. Nelson, Mr. Goodman, Miss Cannon and Mrs. Carney accompanied the group. They went riding, swimming, boating, bowling, and skating. They returned Tuesday.

Legal Chickens
ALBUQUERQUE, N.M. (AP)—Zoning laws forbid keeping of chickens on residential city property and rushed out to investigate. The zoning inspector, Rudy Willig, had a report there were chickens on the lawn of Charley Morris, city found everything in order when he rushed out to investigate. The chickens were decorations—made of concrete.

A Cherished Day For Mother

Is widespread cynicism developing over the observance of such special occasions as Mother's Day?

Naturally, the pessimist thinks so—intimating such days are merely the end result of commercialism benefitting only shopkeepers, florists, candy stores, telephones and telegraph companies.

A mother dispensing a lifetime of devotion to her family asks for no recognition, but what mother receiving it unsolicited does not cherish fond memories of Mother's Day? Of course she does. From husband or child, flowers, candy, a telegram or telephone call brings a thrill to mothers in the knowledge a member of the family has volunteered appreciation—even a kind word which sometimes is infrequent in this irritable world.

Some husbands and children may let Mother's Day pass unnoticed because of forgetfulness. But mother will be reassured and made happier even with a delayed gift, especially from the children. Father, the old dud-head, might help the kids spring a backdoor gift as a "big surprise," just in case the whole bunch missed fire today.

A mother neglected may have a hurtful twinge for not receiving a material gift, yet this is momentary and of passing unimportance. Somehow she must be lifted by the words of Thackeray, who wrote:

"Mother is the name of God in the lips and hearts of little children."

A Do-It-Yourself Campaign Requires Care

Springtime is cleanup time and the urge to clean house, repair and redecorate inspires the householder to get to work. There is at present an intensive do-it-yourself campaign going on. The Safety Councils counteract some of this urge by relating statistically the number of fatal accidents from falling off ladders, people hitting themselves with hammers, blowing themselves up, drinking poison by mistake, and falling in bathtubs.

These warnings should not be disregarded, but should not be taken too seriously either. A great many people have a knack for fixing things, for painting woodwork and hanging wallpaper. There are many new shortcuts on the market now. There is even an edible paint for the children who like to chew the paint on their cribs.

If you are going to join the "Do-It-Yourself Campaign," take it easy, read directions carefully, and finish the job if you start it. It can be more fun if it is a family project and everyone has a share in the accomplishments.

For the complete novice and the clumsy type, it might be cheaper in the end to hire an experienced workman.

Where Are The May Baskets of Yesteryear?

What has happened to the lovely May Day customs of yesteryear? For many days preceding the first day of May, children with the help of teachers and mothers or entirely on their own made May baskets. The house, or at least one room, was cluttered with cardboard, old candy boxes, crepe paper, fancy cut-outs and long streamers; and busy hands produced charming creations of little baskets to be filled with delicious homemade fudge, divinity, panocha, fondant caramels and nougat, supplemented with nuts and other dainties. What a thrill for the boys and girls when May 1st arrived, and they could dash up to their friends' front doors, leave the treasured May basket, ring the bell and run away without being caught. Today's children are missing a great deal by not making May baskets for their friends. The art of making candy at home is practically lost. Today's children must be modern, but must they miss all the fun their parents enjoyed?

The Telescoping Stocking Is Catching On

The telescoping stocking on the elongated foot, or any other kind of foot, is something new in hosiery for women. Many a man, last Christmas, received in a handsomely wrapped box what looked like a pair of socks for his little boy, but he soon learned that the material stretched to fit him, stayed up without garters, and wore and laundered well. Obviously the wife who gave him these stretchable socks was interested in the easy laundering and the wear guarantees. Some men liked them and some still prefer to wear the good old ribbed lisle to which they are accustomed.

The Washington Merry-Go-Round—GOP Governors Won't 'Buy' Nixon For Pres.

By Drew Pearson

WASHINGTON—Top Republican governors in Washington this week rebelled privately but vigorously against the idea of accepting Vice President Nixon as the GOP candidate if Ike doesn't run.

Informed that the President had been trying to sell "his boy Dick," GOP governors threw up their hands. They remembered the all too recent Gallup poll showing Kefauver running far ahead of Nixon in a test presidential heat. And no matter how much like likes Dick, GOP politicians are making it clear they don't like Dick themselves.

It was to sell Nixon that Ike bowed out of the proposed trip to San Francisco for the 10th anniversary of the United Nations. The excuse Eisenhower gave was that his schedule was too crowded. When San Franciscans checked his schedule, however, they found it not too crowded, but that Ike was just pushing Nixon to the fore instead.

Note—Simultaneous word from the White House continues to be that Ike just doesn't want to run and that it will take more than a team of horses to pull him into the race.

Washington Pipeline

It's a safe prediction that Anthony Eden will be the British elections. He should gain around 90 seats. . . . The Federal Reserve Board is seriously considering increasing margin rates on the stock market again—this time up to 80 per cent. . . . Senator Fulbright of Arkansas will stage a full-dress probe of proxy fights. The Wolfson battle with Montgomery Ward will be a feature. . . . Arkansans were amused when Carroll Cone, Washington lobbyist and vice president of Pan American Airways, made a speech in Little Rock urging Senator McClellan of Arkansas for President. If McClellan hadn't been featured in the McCarthy hearings last spring, he would have been a dead duck politically, even in Arkansas. . . . Able Solicitor General Simon Sobeloff, who refused to sign one of Attorney General Brownell's "witch hunting" briefs before the Supreme Court, can have a judgeship any time he wants it. . . . Thurman Arnold, when assistant attorney general, got a U.S. circuit judgeship when he started to prosecute Pan American Airways during the Roosevelt administration. Harlan F. Stone, Attorney General under Coolidge, got a Supreme Court judgeship when he started to prosecute the Aluminum Corporation of America. Justice Department officials who are conscientious but don't conform politically get judgeships handed them on a silver platter no matter what political party is in power. . . . Politicos recall that it was after Adlai Stevenson publicly blasted Senator McCarthy that the White House belatedly lowered the boom on Joe; also, after Stevenson blasted dawdling over Quemoy-Matsu, that Eisenhower got busy on a cease-fire.

Oyster Admirals

It looks as if the chief beneficiaries from the oyster digging by navy men at government expense near Newport News, Va., were the admirals. An investigation by the Navy at Cheatham

Annex, Va., recently reported by this column, shows that for years civilian workers have been employed by the Navy Department at the taxpayers' expense to dig oysters and send them to the high brass in Washington and Norfolk.

Although junior officers were officially cited in the investigation report, it now develops that among the admirals who got the oysters were Vice Adm. "Oyster Forks Charley" Fox, Rear Adm. John Ends Wood, former commander of the Norfolk Supply Center, and Adm. T. Earle Hipp, also stationed in Norfolk.

Admiral Wood, now retired and living at Elkins Park, Pa., was quite frank in admitting that he relished oysters.

"Did you know, admiral," he was asked by this column, "that oyster digging was going on at Cheatham Annex?"

"Yes," said the admiral, "as a matter of fact I received a quart personally every once in a while. But as far as I knew, they were being gathered during off-duty hours."

"Did you assume, admiral, that the employees at Cheatham were volunteering their free time to supply oysters for Navy officers?"

"Well," parried the admiral, "there are all kinds of good things down in that part of the country—fish, oysters, lobster. I just assumed some of the officers went out on weekends and picked up these oysters."

Actually, oyster digging for the benefit of admirals by Navy personnel cost the taxpayer about \$2,000 a year.

Consumer Champion

It isn't often that a high-up official who loses his job goes back home to run for humble office. Usually he sets up a plush law firm in Washington, or becomes a lobbyist or just rusticates.

However, Tom Buchanan, hard-hitting former chairman of the Federal Power Commission, has gone back to his home town of Beaver, Pa., to run for Judge of the Court of Common Pleas.

Buchanan is the FPC chairman who did almost more than any other one man to protect consumers of natural gas and electricity from the big gas and power companies. As a result, Sen. Bob Kerr of Oklahoma, champion of the big gas companies and an oil-gas millionaire himself, helped knock him off the FPC. However, Buchanan is continuing his battle for the consumer by testifying currently against the new camouflaged Kerr bill (now called the Harris bill) even at the risk of having Southwest oil and gas money follow him to western Pennsylvania to get revenge.

Thought For Today—

And God gave Solomon wisdom and understanding exceeding much, and largeness of heart, even as the sand that is on the seashore. —1 Kings 4:29.

Wisdom views with an indifferent eye all finite joys, all blessing born to die.—Hannah More.

Mother Of The Year

They name the Mother of the Year, I always disagree, Because the one whom I hold dear Is always that to me; Now you've another choice, I know, You take another view, I'm sure the mother you love so Is always that to you; These Mothers of the Year, I guess, Deserve this recognition, But what, I ask, could they possess To give them that position More than my own dear mother And the one whom you love best, Or just any other Who has passed the mother test, Who has read the little stories, Who has sung the lullabies, And who yet today glories When our fortune seems to rise? The Mother of the Year may hold A very high degree, She may be just as good as gold But she isn't tops with me; Perhaps she's done some noble deeds, Yet, what did she more than this, Tend to all her youngsters' needs, Give a loving mother's kiss, Tuck her tots in bed at night, Listen to their prayers, Tell them what is wrong—or right—Worry over their cares? Some have had life bitter, yes, And struggled hard to raise Their young brood—would this be less Deserving of some praise? Some have had an easier way, But no mother's life is smooth, It is her hand that guides the way And each small hurt doth soothe. All mothers are such treasures And the mothers I have known To their children are such pleasures Like the one who is my own. Just couldn't pick a mother out To pay tribute to, I fear. For every mother—there's no doubt—Is Mother of the Year. —Hazel N. Lang

As Sedalia Sees It— Democrats Have Tackled Job Of Belittling Ike's Chances

By JOSEPH A. DEAR, Democrat-Capital Washington Correspondent

WASHINGTON—The Democrats have manfully tackled the job of convincing themselves that President Eisenhower can be licked. Perhaps this is just as well.

DEATH OF A LEGEND

By WILL HENRY

XXIV

He had each of the boys superbly mounted, each well dressed and rehearsed for the role he would play along the route, each amply heeled with the pocket cash.

Bill and Charlie, the group's illiterates, were cattle buyers. The three Youngers, most affable at public relations, were railroad men. He and Frank, best spoken of the lot, were graduate civil engineers. Each man, no matter his role, carried a carbine slung to his saddle, each was additionally armed with two late-model revolvers. All wore long linen dusters of the anonymous type effected by the legitimate cross-country traveler-by-horseback.

His crew was seven-eighths sound. His routes of approach and retreat were worked out in flawless detail. He had a native guide who knew the enemy territory like Jesse knew Clay County: young Bill Chadwell, born and raised in south-eastern Minnesota, and knowing its every lake, creek, backroad hamlet, highway town, railroad line, unsettled section and abandoned farmhouse to the last vital detail.

He had nothing but old Cole to worry about and he could still handle that muttonhead.

As to the big Missourian being his only worry, he was wrong to the extent of one bustling little Minnesota city he had never heard of—a happy, prosperous, obscure center of farming and native industry on the banks of the Cannon River.

Northfield.

CHALLENGING fate, Jesse first selected northfield but Mankato for his triumph. Bill Chadwell had lived outside it. He knew the First National Bank there. It was rich as sin. He knew, too, a half dozen backroad ways out of the big bend of the Minnesota River in which the thriving town lay.

On the stroke of 9. Saturday morning, Sept. 2, five linen-dusted horsemen rode into Mankato.

They tied their horses in front of Simm's Restaurant, went in and enjoyed a leisurely breakfast. Returning to the sidewalk, they visited Anderson's Pharmacy and Luscombe's General Merchandise Store, making several trivial purchases.

Shortly they found themselves at the bank.

Here their leader innocently entered to seek the change of a \$5 bill. It was furnished him and he left the bank immediately. At the precise moment, grinning fate, waiting in the wings, sent an ex-Missouri resident toward the bank door. The man stood aside for the traveling gentleman in the linen duster. The startled townsman took one popping-eyed look at him, turned his own face quickly away.

Subsequently, he went straight on through the bank, out its alley door, broke into a dead run for the sheriff's office.

"Jesse James is in town!" he gasped. "He was just into the bank and went away. There were four others waiting for him."

It was a fair piece from Clay County, and every mile of it was mirrored in the sheriff's incredulous outburst. "Jesse James!"

AT the bank, a hidden posse waited the day away. Jesse James and his men, if it was Jesse James, had disappeared as suddenly as they had materialized. All the following day, Sunday, the town remained alerted.

The sheriff advised his informant to have his eyes looked at, called it a bad day and went to bed.

At noon, Monday, the eight-man gang re-entered the town. It was the dinner hour, carefully selected because at that time the bank population, staff and patron alike, would be at its daily low. In the lead, Jesse sat his black, Ciell Miller siding him. Behind them, Cole and Frank were lost in the body proper of the pack. Suddenly Jesse tensed, pale eyes sweeping forward.

German Author Encouraged Big Immigration to Missouri

Missouri was one of the chief beneficiaries of the great German immigration to the United States in the 1830's and 1840's. This was due to a highly educated German author who was probably the first to come here direct from the Fatherland. Who was he?

1. What was his professional background?

Born in the Rhine Province in 1785 of wealthy parents, his legal education was received at Dusseldorf, Heidelberg and Goettingen. He was made a justice of the peace of Mulheim in 1811. He fought in the Napoleonic War. For three years he was prosecuting attorney for the state of Mulheim. Shortly before coming to the United States, he studied medicine at the University of Bonn in order to facilitate his work here.

2. Why did he leave Germany?

Conditions in Germany were bad. The government consisted of independent, despotic states. Political persecution, high taxes, military impressment, and restrictions on free speech, press, and worship prevailed. With this in mind, he left Germany to find a frontier country where his people could escape poverty and political oppression.

3. Why did he settle in Missouri and where?

Arriving in America in 1824, he purposely traveled westward to frontier Missouri. He chose Missouri because of its sparse population and its cheap land. He built a house and established a farm on Lake Creek, in Montgomery.

4. Why was there such a great response to his writing?

Two years after his return to Germany he published a "Report" describing conditions in Missouri, which went through three editions. His description was more than favorable, for he saw Missouri as a place of refuge for the oppressed of Europe. It was to these oppressed people that his "Report" had special appeal.

5. How did his "Report" describe Missouri?

He described the land in Missouri as being fertile and plentiful. In speaking of Missouri, he said, "I never knew that Nature could be so generous as she is here." He mentioned the abundance of game, wild fruits and nuts. "The tables," he said, "groan with the weight of food placed upon them." He was deeply impressed by the cheap land—a dollar and a quarter an acre—and the absence of government interference. Although the economic life was based on farming, he urged that this should not prevent the craftsman from emigrating. There was ample raw material and work. The "Report" convinced many of the striver-wearied Germans that Missouri was an ideal asylum.

6. What were the results of the

Donah's Hill in Warren County, Where The Author Wrote Part of His Famous Book.

ship to the question asked. But some of the Presidential ducks are very impressive.

Nor is the President above ordinary politicking when campaigning. Here the President has borrowed heavily from hucksters of New York whose slick ads sometimes promise more than they should.

But dodging embarrassing questions and overselling your stock, these are understandable and forgivable if you like the man who does the dodging and overselling. And for the slogan "I Like Ike" the President is truly in debt to the Madison Avenue crowd.

Surely this was one of the cleverest of all campaign slogans. It helped establish an emotional tie between the President and those who voted for him.

Because of that tie, and because people want to like Ike, it's easier for him to be himself. The more himself he is, "r more popular he's apt to be. It's the political equivalent of perpetual motion.

There's a corollary to this theory which, if true, should give some Democratic hopefuls pause. It may be possible to destroy the bond between the President and his supporters. But the politician who does won't be popular. We don't like people who make it impossible for us to go on liking a friend.

"Report?"

The "Report" appealed to Germans in Europe and in the eastern United States. Immigration societies were formed both here and abroad to send their people to the "Report's promised land." The Giesseners, a society formed in Germany, eventually settled, in part, in Missouri. Another German society, the Berliners, was attracted to Missouri by the "Report." An immigration society in Philadelphia sent observers to several mid-western states to find suitable homesteads. Influenced by the "Report," they chose Missouri as being the most favorable spot for settlement. Although coming late, the Germans made a most substantial contribution to the culture and economy of Missouri which is felt even today.

7. Who was the author of the "Report?"

Gotfried Duden.

Odds and Ends By News Staff

A MAN, HIS WIFE and teen-aged daughter drove into a motel and rented a place for the night. Later in the evening the motel owner's wife had gone to the picture show and he was there in the office alone when the teenage girl came in.

"Do you have any extra underclothes?" she asked.

The man was somewhat startled and asked what she wanted with them. Then the teenager explained that she had forgotten to pack her pajamas and she didn't want to tell her parents because she was afraid they would scold her for it. She needed something to sleep in.

So the motel man went into his apartment to see what he could find for the girl to sleep in. The only thing he could find was a pair of his wife's last summer's pajamas, but he brought them out to the girl. She was very happy to get them and the next morning, after she had slept in them all night, she slipped back into the office and returned them, before her family started on their way. And her parents never knew anything about her borrowed night garb. — H. L.

THE LITTLE BOY'S jaw was swollen and his bad tooth hurt something terrible. There was only one thing about it—that tooth had to come out, and so his mother took him to the dentist. The dentist couldn't pull it until the swelling went down and when it did his mother again took him to the dentist. The tooth was still hurting and he was perfectly willing for the dentist to pull it. Then the dentist put some medicine in it to deaden the nerve and the little boy refused to let him pull the tooth. He had a very good argument why it shouldn't be pulled—the tooth didn't hurt anymore. — H. L.

Men's Choral Club To Sing at Hubbard For Benefit of PTA

The Sedalia Men's Choral Club will appear at the C. C. Hubbard High School auditorium Tuesday night, May 10. The concert is to be given at 8 p.m. under the sponsorship of the Hubbard Parent-Teachers Association.

The Club has appeared at Hubbard School several times in recent years to assist the PTA in their raising of funds for various school activities of the school organization.

Money obtained through a free will offering will be used by the PTA for the playground fund. No admission will be charged for the concert.

Splendid programs have been presented at the school by the Club in the past and this year promises to be no exception. The Parent-Teachers group is urging a large attendance for the annual affair.

New Addition Is Dedicated At Lincoln

By Mrs. Herbert Hansen

LINCOLN — A crowd of over 200 gathered at the Methodist church Sunday, May 1, for the dedication of the church's new education rooms. The all-day program included a basket dinner and a fellowship meeting at the noon hour.

The church rooms were decorated with flowers and potted plants. The new tables were installed in the rooms that afternoon. The tables were presented to the church by the Women's Society of Christian Service.

The Rev. Robert Lehw, district superintendent was a special guest and brought the morning message. A dedicatory prayer was offered during the service, for the new choir robes. Rev. Lehw presented the dedicatory address that afternoon. The piano program was opened with piano music by Mrs. Homer Brady. The group sang, "The Churches' Foundation." The invocation was given by the pastor the Rev. Loyd Wasson.

Mrs. C. D. Brill, president of the local Women's Christian service, welcomed the guests and offered special recognition to the following persons: Truman Ekin Carpenter, who was in charge of the building project; Mrs. H. A. Nixon, a church member for the past 67 years and an organist when the present church was dedicated in 1899.

The church building fund originated as a memorial fund and was started in the year 1932. In 1953 plans for the new addition were formulated and about a year later in 1954 the project was completed.

The memorial roll, located in one of the new rooms, lists the following persons, given recognition at the dedication service: C. D. Brill, Cynthia Lee Wolkey, Mrs. J. B. Calbert, S. O. Brill, William W. Wisdom, Mrs. J. H. Stober, John Houser and Earl Spangenberg.

Two former pastors were also honored, the Rev. Watts of Sedalia and the Rev. Orr, Independence. Two baskets of flowers were wired to the ceremony from the members of the late W. W. Wisdom and Jack Corbett families in Texas and Florida.

Out-of-town guests were from Windsor, Warsaw, Ionia, Green

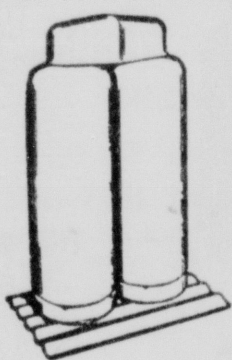

PROMOTED—Capt. Grover E. Thomas, son of Mr. and Mrs. Grover A. Thomas, 1512 East Broadway, with the Army Coast Artillery, stationed at Chicago, has been promoted to the rank of major. For the past 18 years he has been in service, serving four years in the South Pacific during World War II. A year ago he returned from Germany where he was stationed for three years and has since that time lived in Chicago. Major Thomas is married.

More Fine-Car Features than any other car priced so low!

CAN YOU SEE, STEER, STOP SAFELY?
CHECK YOUR CAR—CHECK ACCIDENTS.

POWER—Pontiac's husky 200-horsepower Strato-Streak V-8 with four-barrel carburetor, optional at low extra cost, delivers more power than any car within hundreds of dollars of its price. And road records show this power is teamed with the greatest economy in Pontiac history.

STYLE—No car at any price is so beautifully distinctive. Pontiac's future-fashioned Twin-Streak styling and Vogue Two-Toning set it apart from all other cars—point the way to tomorrow.

SIZE—Pontiac is a big car where it counts—with a long, road-hugging 122" or 124" wheelbase. On any road, at any speed, you enjoy the feeling of genuine fine-car size.

COMFORT—Pontiac's extra size means big-car comfort—room to stretch out and relax. Wide-stance rear springs and Shock-Proof chassis float you along in luxury style.

If you were to guess Pontiac's price on the basis of its style, performance and size, you'd surely guess hundreds of dollars higher than its actual cost. Pontiac measures up with the finest on any point of comparison—except price.

It's a simple matter of fact that you can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes!

After a close inspection of Pontiac's luxury and quality and a few miles commanding its mighty 200-horsepower Strato-Streak V-8, buyers from both ends of the price scale are switching to Pontiac in record-breaking numbers. Come in soon for the clinching facts and figures. You'll make the very pleasant discovery that if you can afford any new car, you can afford a big, powerful Pontiac—and step directly into the fine-car class!

TRUMAN LIKES WORK As He Nears Birthday With Library in View

KANSAS CITY — On the threshold of 71 years, Harry S. Truman can't see anything but work ahead.

He wouldn't want it any other way as he reaches that age tomorrow. He figures it will take many more anniversaries before he runs out of something to do.

"Something always turns up," he said, referring to his recent

quips that he'll run for president again when he reaches 90.

To him Sunday's anniversary will be something special.

In his hometown of nearby Independence he'll take up a gold-plated shovel to break ground for his dream, the \$1,750,000 Harry S. Truman library.

He is looking forward to having the papers of his administration under one roof where they'll be

available to scholars and historians.

About two thirds of the cost of the structure have been raised. When completed the library and its contents will be offered as a gift to the United States.

Japan built 52 ships for export in the 1954-55 fiscal year, the value being 127½ million dollars and the tonnage 572,000.

McLaughlin Bros. ANNOUNCES BEAUTYREST "HOME COMPARISON" MONTH

TRY IT FOR
30 DAYS
at our risk

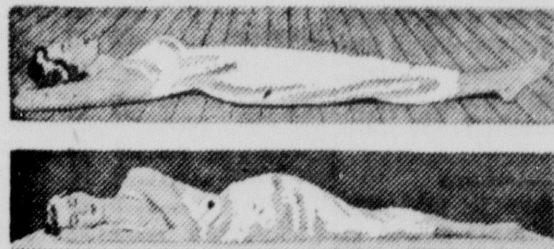

- ★ We'll let you test a Beautyrest on your own bed, it's the only real test in the world!
- ★ If Beautyrest isn't better than your present mattress, just send it back!

Compare Beautyrest with your present mattress

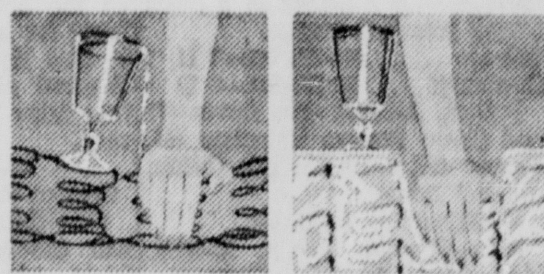

FOR COMFORT

F.A.C.—Floating Action Coils—makes the difference. Beautyrest cradles each part of your body. You sleep relaxed—wake refreshed!

FOR FIRMNESS

A mattress can be too firm—like the floor. There's a hollow at the small of your back. Beautyrest coils are firm, free, body-fitting.

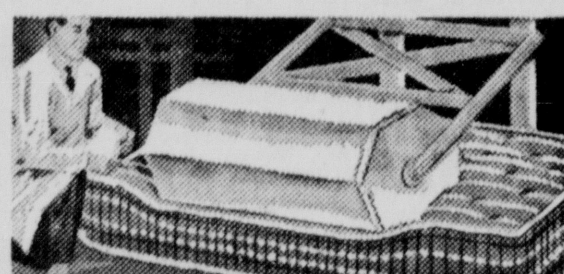

FOR NO-SAG SUPPORT

Ordinary mattress springs are wired together, sag together. Beautyrest springs are individually pocketed, act separately, can't sag!

FOR SAG-PROOF BORDER

Some mattress edges soon break down. Not Beautyrest—crush-proof borders! Outer coils are anchored to thick side walls. Never sag!

FOR DURABILITY

Tortured by 270-pound roller at United States Testing Company, Beautyrest outlasted the best of other mattresses by three to one!

FOR ECONOMY

Simmons ten year guarantee brings the \$69.50 price of Beautyrest down to an average of less than 2c a night. That's real value!

Kentucky Derby Won By Swaps

Nashua Captures Second Place; Summer Tan In Third Spot

LOUISVILLE, May 7 (P)—Swaps, a chestnut speedball owned by a former Arizona cowpuncher, out-fought the favored Nashua today to capture the 81st and richest Kentucky Derby. A screaming crowd of some 100,000 at Churchill Downs saw Swaps take the lead soon after the start of the mile and one quarter classic for 3-year-olds, then make it stick in a pulsating stretch dash. He became the second California-bred horse to capture the run for the roses.

The winner, owned by Rex Eells, worth, California's leading thoroughbred owner, and ridden by champion jockey Willie Shoemaker, never gave Nashua an inch as he swept under the finish wire to grab \$108,400 from the total swag of \$152,500.

Nashua, from the world famous Belair stud of William Woodward, Jr., New York, and ridden by the premier jockey, Eddie Arcaro, gave it a big try. But Swaps legged it across the finish line with a length and a half of daylight between him and Nashua. It was one of the fastest Derbies on record.

Mrs. John W. Galbreath's well-regarded Summer Tan finished third, 6 1/2 lengths behind Nashua. Four more lengths back was Racing Fool, from the Cain Hoy stable.

The clockers caught Swaps, sleek son of the imported Khaled out of Iron Reward, in a flashy 2 minutes, 1 4/5 seconds, only two fifths of a second slower than the track and Derby record hung up by Whirlaway in 1941. The time ties Twenty Grand, 1931 winner, as the fourth fastest Derby ever run.

The huge crowd in holiday mood kept one eye on the weather and the other on the tote board. California must have been here en masse, for Swaps went off second choice. He paid \$7.60, \$3.40 and \$2.60 for \$2.00 across the board. Backers of Nashua—the 1954 champion 2-year-old who hadn't been defeated this year in four starts—groaned.

Nashua had been made the 6-5 favorite, and his place and show price was \$3.00 and \$2.40. Summer Tan, off at 9-2, paid \$3.00 to show. Ten 3-year-olds, the survivors from a list of 125 nominated in February, started in the smallest Derby field since Citation beat rivals in 1948. But there was no contest for the others as Swaps and Nashua fought it out for supremacy in the final quarter mile from the head of the stretch to the judges.

Jean's Joe, from the Murcain stable, came in fifth, followed by Flying Fury, the other half of the Cain Hoy entry, Harry M. Warner's Honey's Alibi, Harvey C. Fruehauf's Blue Lem, Clifford Moores' Nabesna, and G. Rolfe White's Trim Destiny.

Basketball Highlights Starts Sunday At Fox To Run For Four Days

Some of the nation's hottest basketball teams of the 1954-55 season will be seen in action on the screen at the Fox Theatre starting today and running through Wednesday. They will show games seen in the National Invitation at Madison Square Garden, also finals of the N.C.A.A. tournament at Kansas City.

Twelve teams will be seen in action, Duquesne, Dayton, St. Francis of Pennsylvania, Holy Cross, Niagara, Connecticut, Manhattan, Cincinnati, LaSalle, Lafayette, St. Louis and Seton Hall, in the Garden.

In the pictures of the Kansas City tournament will be seen San Francisco against La Salle with the West Coast Dons dethrone the Explorers for the championship. In the Garden it is Duquesne and Dayton in the final, with the Iron Dukes of Pittsburgh winning.

Town-Country Girls Play Kansas City At 8:15 P.M. Tonight

Weather conditions permitting the Town and Country Shoe Co., softball team will meet the Kansas City softball team on the ball diamond at 16th and Center tonight. The game is scheduled for 8:15 o'clock.

It will be the opening of the home game play for T & C and the second game to be played so far this year. The girls recently traveled to Columbia where they defeated a team at that city.

On the mound for the local aggregation will be Shirley Bullard with Betty Phillips on the receiving end of the battery.

Santee Fails In Bid For 4 Minute Mile

MIAMI, Fla., May 7 (P)—Wes Santee's latest attempt to run America's first 4-minute mile was spoiled today by a 15-mile an hour wind blowing the length of the track during the University of Miami's invitational mile run.

The lean Kansas cowboy, who says he is bothered badly in any wind over five miles an hour, was clocked at 4:07 in winning the race by a wide margin over his former Kansas teammate, Art Datzell, and five other runners.

"The wind made the going tough," Santee said. "Maybe it's just psychological but I sure slows me up."

Santee said the surface of the track, which had been oiled and carefully steamrollered for his run, broke down on the backstretch. As a result, he said, "I seemed to lose a lot of my kick on the third lap."

The time was well off his best time of 4:00.5, which set a new American record at the recent Texas Relays. On three occasions, Santee has come within a split second of the 4-minute mile. Only two runners, Britain's Roger Bannister and Australia's John Landy, have broken the 4-minute barrier.

A crowd of 7,500 cheered noisily as the 23-year-old Kansas shot to the front on the third lap after allowing Datzell to set the pace up to that point. Santee was clocked at 60.5 for the first quarter-mile lap, 2:01 at the halfway mark, and 3:06 for three laps.

Palomino Sells For \$3,800 At Pony Sale

KANSAS CITY, May 7 (P)—A Palomino stallion was sold for \$3,800 last night at the semi-annual Missouri National Pony Sale.

R. H. Kressley, Orefield, Pa., bought the animal from Diamond Pony Farm, Diamond, O.

The Diamond farm also figured in another top sale, buying a registered Shetland pony from Ralph Talbott of Macon for \$3,700.

Helping Hands
CHARLESTON, S. C. (P)—Basketball officials completed a neat trick—play during a girls' game at the College of Charleston.

Coed Shirley Irwin injured her ankle. Official R. B. Halsall picked her up to carry her off the floor. Official Mouse Halsall rushed up and took over R. B.'s burden to the edge of the court, where a third official gathered her in and carried her to the dressing rooms.

"It's all in a day's work," shrugged Howard Burmeister, the third official.

PHILADELPHIA, May 7 (P)—The Red hot Brooklyn Dodgers won their ninth straight game of the infant season tonight, a 6-3 victory over the hapless Philadelphia Phillies.

Carl Erskine allowed 7 hits including three homers which accounted for each of the Phil runs but managed to go the distance for his fifth win without a loss.

Robin Roberts, Phils' ace hurler, was knocked out in the fifth inning for his third defeat against three wins.

The loss, eighth in a row for the Phillies, drops them into last place in the league, a half game behind Cincinnati.

Brooklyn, which now has won 20 and lost only twice, is 9 full games ahead of the second place New York Giants.

Harper Holds Safe Lead In Colonial Golf

FORT WORTH, Tex., May 7 (P)—Chandler Harper breezed home with a safe par 70 today and that kept him six strokes ahead in the \$25,000 Colonial Invitation Golf tourney.

The Chattanooga, Tenn., veteran of 21 years of making golf pay the bills had a three-round total of 204 and a blue chip hold on that \$5,000 first prize check.

Dow Finsterwald of Athens, Ohio, was second with a 69 and a 210 total. Harry Todd of Dallas and Antonio Cerda of Buenos Aires were tied for third with 212 and a couple of old pros, Ben Hogan of Fort Worth and Ed Porky Oliver of Lamont, Ill.

Harper dropped a stroke off his second round lead as a half dozen players found Colonial's 7,035 yards to their liking today. His three round score was 69-65-70.

Hogan had a 69 today and said afterwards "I'm just not sharp. I haven't played enough lately to be competitively sharp."

Finsterwald, a 25-year-old former amateur star, posted his second straight 69. He did it without any sensational shots and said he was just playing pretty steady.

Earl Stewart of Dallas also had a 69 to make the top 20 scorers with a 218, but Ernie Vossler of Fort Worth, who turned in the lowest score of the third round, a 68, was back in the pack at 221.

Cary Middlecoff, of Memphis, was all alone at 215 after a par 70 round. Bunched at 216 were Johnny Palmer, Charlotte, N. C., Byron Nelson, Roanoke, Tex., and Julius Boros, former National Open champ from Mid Pines, N. C.

Daring Swimmers Conquer Raging Colorado River

LAS VEGAS, Nev., (P)—Two young insurance salesmen today reported they completed a 27 1/2 mile swim down the Colorado River.

The Los Angeles men said they made the journey in the rushing waters of the river over a 26-day period to prove that "flexibility of the human body is greater than that of any boat."

The pair, John S. Daggett, 27, and William K. Beer, 26, jumped into the river at Lees Ferry near the Arizona-Utah border on Easter Sunday and climbed out yesterday at Pierce Ferry, near the Arizona-Nevada border.

They said they swam and floated the 27 1/2 miles, shooting about 280 rapids.

Many Arizonians who know the river predicted after the unprecedented trip began that the two Stanford University graduates would never be seen again, or that they would be dead when found.

"We shot all the rapids," Daggett said. "We didn't go around any of them. It's the first time it's been done, so far as I know."

Daggett and Beer dressed in rubber shirts, long underwear and swim trunks. Each carried a buoyant rubber pack weighing about 80 pounds. On the way, they shot color film, protecting their cameras in paint cans.

Beer said they spent about five hours a day in the river. "The water was pretty cold and we had to get out and warm up two or three times a day," he said.

Mizzou Baseball Team Trips Colorado, 5-3

COLUMBIA, Mo., May 7 (P)—The University of Missouri got back on the winning track in Big Seven baseball today by defeating the University of Colorado, 5 to 3.

Emil Kramer, making his debut as a third baseman for the Tigers, doubled to drive in two runs in the first and Bob Musgrave knocked the ball over the right field fence for a homer in the seventh to lead the M. U. attack. Frank Bernard singled three times in four trips to the plate for Colorado.

Sports Scraps

(By D. Kelly Scruton)

THE Smith-Cotton Tigers ended their baseball season last Thursday when they were defeated in the final game of the Sub-District tournament by Lebanon. But the record for the season wasn't bad. In fact it may end up they will get a tie out of the Central Missouri Conference.

The loss at Lebanon was a little rough to take. But it was a fair shake either way. Ground rules made it such home runs were counted when hit in certain spots. It so happened Lebanon was lucky and got one there with a man on to win the game.

But on the other hand as they say a loss here is a gain there. Now the boys who played with the Tigers can shift uniforms and start their working out and play with the Sedalia Chiefs of the Ban Johnson League. Certainly their practice and games played didn't do any of them any harm in moving over to the Ban Johnson aggregation for the summer.

Their record shows they won two conference games and lost one; They won four non-conference games and lost one, that to Lebanon. In practice games they had a one and one, losing to the Town Team and defeating the College Boys.

No one can get any argument that the Tigers would not have gone too far in the State Tournament race. The Tigers just lack the necessary pitching staff which could have carried them through that competition.

The going gets tougher and tougher as the team advances here, and Coach Bob Edmondson didn't have enough boys to handle the mound job with too many games coming too close.

It would have been especially tough when they began running up against teams like Kansas City, St. Louis, or even Joplin. There's more talent in schools in those cities than what has been developed here.

But with the additional out-of-school material which can be recruited for the Ban Johnson and with several of the Tigers, the Chiefs should have one of the stronger clubs in Central Missouri.

CONGRATULATIONS to Harry B. Nelson, Camdenton, Mo., producer of the J-Bar-H Rodeo which has grown from nothing to one of the top leading rodeos in the United States in about four years. Nelson who started out as a "never-heard-of" in rodeo about five years ago has become one of the most well known producers in rodeo throughout the United States and Canada.

This past week he was named to a permanent position on the International Rodeo Information Commission, an important group which formulates educational information and acquaints the people with the world's most thrilling sport. Nelson has been a temporary commissioner for a year until the recent appointment.

He is becoming known among rodeo entertainers, cowboys and cowgirls as "Mr. Rodeo Himself."

It is several months off, but there are a lot of duck hunters who will be happy to hear a report from Canada that the prospect for this fall look good. Well that is if the weather breaks right for this section of the country—especially along when time for the season to open up.

Missouri Outruns Notre Dame 88-43

COLUMBIA, Mo., May 7 (P)—Missouri defeated Notre Dame 88-43 today in a dual track meet on a rain-swept field.

Harold Beard of Missouri set a meet record of 1:54.0 in the half-mile and Bill Constantine, Missouri, tied the meet record of 14.4 seconds in the 120-yard high hurdles.

These are highlight excerpts from the first 1955 issue of the Ducks Unlimited "Duckological", prepared by Chief Naturalist Bert W. Cartwright, Canada.

Revealing that initial return of waterfowl was "substantial but somewhat spotty," and believed to be slightly down compared with last year, the report points out that migration is still proceeding and that it is still too early for final conclusions. This will be possible after ground and aerial surveys in mid-May.

Striking a summary, the report states, "Considering excellent surface water conditions, an apparently satisfactory return of breeding stock, favorable starting weather and an early beginning to nesting, we have an optimistic outlook for the breeding season in western Canada."

Vanguard flights of waterfowl reached the southern prairies during the last week of March and were present in considerable numbers by the middle of April. Nests with eggs under incubation were being found across the breeding region by the third week of April.

Among notable observations made during early stages of spring migration was that concerning four Whooping Cranes, seen passing over Inglis, Manitoba on April 28th. Specimens of the rare bird were reported seen in the same district last fall.

MY dream of the Pari-Mutual horse racing in Missouri is like the well known bubble, it blew to a great size in beauty but disintegrated quickly when "touched." Missouri Senate Bill No. 349 which set up pari-mutual horse racing for Missouri died the past week for lack of five votes.

The bill had been passed out of committee for passage and was prefaced by the Senate. But on prefection the vote was 16 yes, 12 no and seven present. A need for five of the votes who voted not to put it over was necessary, but I was informed the vote recruiting fell flat and as a result the bill died a natural death.

Voting for the perfection were Clayton W. Allen, John P. Barrett, Allen Bowsher, E. Gary Davidson, Floyd R. Gibson, William E. Hilsman, Jack C. Jones, Edgar J. Keating, James P. Kelley, Edward V. Long, Charles L. Madison, John F. Patterson, Wm. Orr Sawyer, Frank Lee Wilkinson, Charles A. White and James T. Blair, Jr.

Not present were: Edward J. Hogan, Jr., John A. Johnson, John W. Joyn, Robert H. Lineman, Robert Pentland, William M. Quinn, and James M. Webb.

Introductions of 17 Hall of Fame players. Baseball Commissioner Ford Frick, American League President Will Harridge and National League President Warren Giles, preceded the Boston Red Sox-New York game.

Clark Griffith, president of the Washington Senators at 85; DiMaggio, out of baseball only since 1951, and Jimmy Foxx, old "Double X," received the biggest ovations from the gathering.

Foxx, who had a lifetime batting average of .325 for 20 years with the Philadelphia Athletics and Red Sox, was joined by Robert Moses Lefty Grove and Mickey Cochrane from the A's great teams which won the American League flag in 1929-30-31. Jimmy's 534 home runs as a major leaguer are second only to the late Babe Ruth's 714.

Fourth Annual J-Bar-H Rodeo July 5 to 10

The fourth annual world-championship J Bar H Rodeo will be held in the model \$100,000 arena at Camdenton, Missouri, July 5 through July 10, and the six performance event is expected to attract approximately 70,000 fans, according to Harry B. Nelson, producer. Over 53,000 saw the 1954 event and about 16,000 were turned away.

The Rodeo has enjoyed tremendous growth each year and Mr. and Mrs. Nelson started work several months ago to see that the pace continues this season.

The Nelsons mail out free rodeo literature to anyone interested and are getting a record number of mail requests for the attractive pamphlets which give full details of the big coming event. Advance ticket sales started last Jan. 1 and the sales are currently way ahead of last season.

Once again, the J Bar H event offers the biggest purse available in the nation during the week in July and most of the best rodeo cowboys in the United States have already said they'll be in the Lake of the Ozarks center to try for a slice of the \$10,250.

A number of exciting new events have been added for the 1955 rodeo including a winner-take-all invitational bronc riding match. This match has all the earmarks of really being something for the books because it means that J Bar H fans will see Buck Rutherford, Lonapah, Oklahoma, the 1954 all-around champion cowboy; Casey Tibbs, Ft. Pierre, S. D., saddle bronc champion in 1954; and Bill Linderman, Red Lodge, Mont., the all-round champ in 1953, matching skill with three other top cowboys of the nation. Complete details on the \$1,000 match will be announced by Nelson in the near future.

J Bar H fans this year will see a comedy bull fighter second to none in the person of Slim Pickens.

BIG LEAGUE WAY

Hollywood, Calif., who has been featured in many Republic pictures, Nelson feels that he is extremely fortunate to secure Pickens for his 1955 rodeo as movie commitments often limit his appearances in the rodeo arenas. Pickens was a top rodeo clown and comedy bull fighter when he started in movies as the sidekick of Rex Allen.

There will be six contest events at each performance along with the thrilling feature acts and the match bronc riding between the very top cowboys of the nation. The 1955 J Bar H Rodeo truly shapes up as outstanding in every respect and those interested may get complete details merely by writing a card or letter to J Bar H Rodeo, Camdenton, Missouri.

Ham Sandwich Addict Robs St. Joe Cafe

ST. JOSEPH, May 7 (P)—A robber addicted to ham sandwiches obtained \$41 in an early morning restaurant holdup today.

He entered the Statites cafe near the Stock Yards shortly after 1 a.m. and ordered a ham sandwich. He ate that and then ordered another. He ate that one then ordered two more ham sandwiches to take with him.

After Mrs. Mary Cornelius, night cook, prepared those sandwiches he informed her it was a holdup. He ordered her to take the bills from the cash register and place them in the sack with the sandwiches. She complied and the robber fled on foot.

Dr. Cary, Mangrum, Furgol Among Top Pros In KC Open

Three of the most consistent performers on the golf pro circuit are Lloyd Mangrum, Dr. Cary Middlecoff and Marty Furgol. These three will be on hand for the \$20,000 Kansas City Open tournament which will be held May 19-22 at Hillcrest Country Club.

Mangrum is an ex-tiltist, while Middlecoff has captured two championships.

Furgol finished one stroke behind Ed (Porky) Oliver in the 1953 tournament.

Smilin' Marty has been in the top 20 money winners every year since 1949, with the exception of 1952 when he was twenty-first. During 1953 Marty's pockets bulged with greenbacks when he finished twelfth among the top coin gatherers with a total of \$15,507.11.

Harry B. Nelson Named To Rodeo I.R.I. Commission

Harry B. Nelson, producer of the J Bar H Rodeo at Camdenton, Mo., has been elected to a permanent position on the International Rodeo Information Commission, to serve a one year term as representative of the 262 R.C.A. approved rodeos in the Central and Eastern Time zones of the United States and Canada. Nelson was serving as temporary commissioner prior to being named to the permanent position.

Other prominent rodeo officials receiving votes as Central and Eastern Zone commissioners were: J. J. Isaacson, manager of the Ak-Sar-Ben Rodeo, Omaha, Neb.; Sen. Clyde E. Byrd, manager of the Little Rock Arkansas Stock and Show Rodeo, and O. W. Mayo, manager of the Tulsa, Okla., Rodeo.

The first meeting of the permanent Commissioners will be held at Las Vegas, Nev., on May 12, at which time Nelson and the other members will discuss the information and education program designed to further the thrilling sport of rodeo. Nelson will leave Camdenton on May 9 for Las Vegas and will be away seven or eight days.

Nelson is well known in Sedalia and is a native of this city, leaving here as a young boy.

One of Furgol's best performances came in the 1951 season when he won the Western Open in Davenport, Ia., when he was 18 under par with brilliant rounds of 69, 68, 68 and 65 for a 270 total. Amazing as it may seem, Marty was never in the lead during the tourney until the 72nd hole when he canned a birdie putt to pass Cary Middlecoff. His 270 winning score is one of the lowest in the history of the famed Western.

Marty will have a lot of backing in the event here.

Furgol is always dangerous. Two years ago he got away to a slow start in the Kansas City 4-day shoot and was about ready to quit when his friends insisted that he stick it out. It turned out to be good advice since Marty finished with a blazing 65 and a pair of 67's. He failed to catch Porky Oliver, the 1953 champion, but still won \$1,900 for his fine effort.

Russian Engineer May Be First to Fly Through Air Safety

WASHINGTON — A Russian engineer may have become the first person to fly like a bird, in a sailplane with flapping wings, the magazine Aero Digest said today.

The publication had a translation of an article from a Russian popular magazine, "Wings of the Fatherland," attributing the achievement to a Soviet engineer, A. U. Manozkow, of Kiev. He named the flapping - wing glider the "Kashuk."

The craft was described as a single - place monoplane with cantilever wing of three main spars, but with conventional fuselage construction and controls.

U. S. engineers report that no work is being done on flapping-wing aircraft either here or in Western Europe, except perhaps by a few individuals as a hobby.

The Russian glider's flapping mechanism was described basically as a pneumatic cylinder inside the fuselage, connected through a moving valve to the ends of the spars at the other wing.

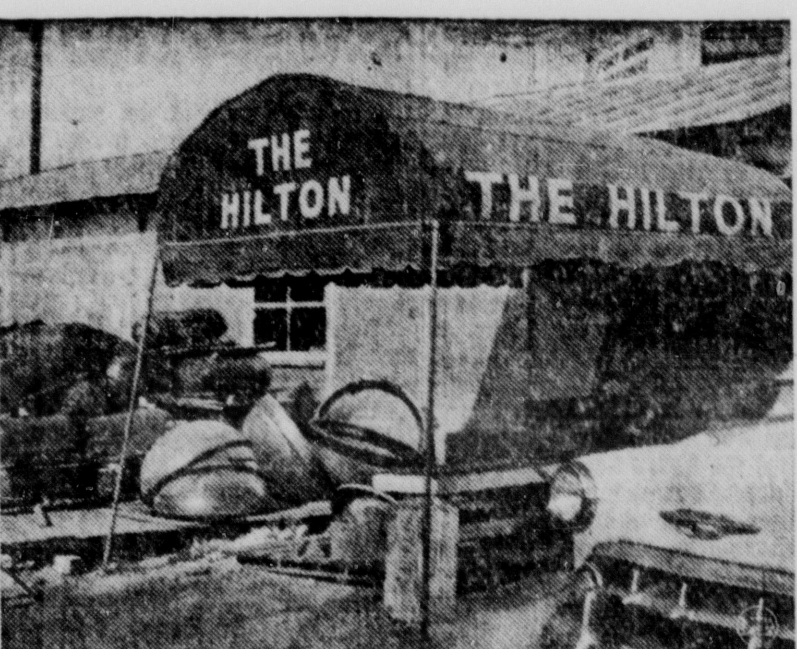

"The relative air stream lifts the moving wind, thereby compressing the air in the cylinder," the article said. "With the help of this compressed air, the wing is returned to normal position."

Room of Surrender Of Germans to Allies Is Still Kept Intact

REIMS, France (U)—Ten years ago Saturday Gen. Alfred Gustav Jodl strode into the map room at Allied headquarters here to surrender Germany's armed forces.

The big red-brick trade school near the railway cut, once Gen. Eisenhower's headquarters, keeps the surrender room as it was at 2:41 a.m., May 7, 1945. Huge colored maps paper the wall, showing the advance of the Allied forces.

The Germans tried to give up to the Western powers alone, pleading there were six million German refugees in Eastern Europe and they had to keep fighting the Russians to protect the refugees. But Allied policy called for unconditional surrender of the Germans. Eisenhower insisted they give up to all. He got his way.

Chicago Sun-Times Consulting Editor Dies Friday Night

CHICAGO (U)—Richard J. Finnegan, 70, who rose from newsboy-reporter to editor and publisher and whose Chicago newspaper career started at the turn of the century, died Friday night.

Finnegan, consulting editor of the Chicago Times before the 1948 merger which created the Sun-Times, then became editor and

executive vice president of the Sun-Times. He held that position until 1950, when he became consulting editor.

He was president of the City News Bureau, a cooperative news gathering organization, from 1939 to 1951.

Ike Helps Dedicate New Hebrew Temple In Washington, D. C.

WASHINGTON (U)—President Eisenhower helped dedicate a new Hebrew temple Friday night and spoke from the pulpit of each American's responsibility to protect the spiritual rights of all.

Mounting the pulpit of the Washington Hebrew congregation's new temple, Eisenhower spoke to 2,200 persons about those spiritual rights which he said are enunciated in the Declaration of Independence.

"It is not enough to know that God gave these rights to you and to your neighbor," Eisenhower said. "It is well to remember this also: You may not protect those rights only for yourself. You must protect them for all, or your own will be lost."

The President spoke after the regular sabbath evening service during which he joined in responsive prayer reading and lis-

Legion Dinner And Music At Otterville

Some 50 members of the Otterville American Legion Auxiliary and families attended a dinner last Monday evening at the Legion Hall. Auxiliary Legion President Mrs. Loren A. Bane and Post Commander Walter Castle made the opening remarks.

The following program was presented by the music chairman, Mrs. Leo J. Smith. The program was in observance of National Music Week and the membership presentation program.

"The Star Spangled Banner" and the Pledge of Allegiance opened the program. This was followed by a piano solo, "Kentucky Babe" by Sandra Glenn; a vocal solo, "Jesus Loves Me", Diane Aldrich accompanied by Sherry Glenn; piano solo, "At the Soda Fountain", Barbara Page.

Marjorie Crain, Eighth District winner of first place in the Americanism Contest, read her winning essay. She was introduced by Mrs. Walter E. Castle, Eighth District President.

This was followed by a vocal solo, "Piper, Over the Way", Opal Frances Carson accompanied by Mrs. Walter Castle; and a vocal trio, "Whispering Hope", Mrs. Danny Glen, Sandra and Sherry.

The following were eligible and received pins: thirty-year pins, Mrs. Sallie Burford, Mrs. Leo J. Smith, Mrs. Jesse Parsons, Mrs. Maude Fogle, Mrs. Silas Laws, Mrs. Loran Bane, Mrs. Terrie L. Cole, Sr.; twenty-year pins, Mrs. Maggie Fairfax, Mrs. Walter Thompson, Mrs. George Worthley; ten-year pins, Mrs. Mary Bishop, Mrs. John J. Kuykendall, Mrs. Kirtley Morris and Mrs. Danny Glenn.

A social hour followed with talks pertaining to experiences of some of the ex-service men.

Women Take Assembly Line Jobs in Increasing Numbers

"Speed Cups" for automobile speedometers are put in perfect balance before assembly by women's dexterous hands.

BY ALICIA HART
NEA Staff Correspondent

WASHINGTON — (NEA) — There's an industrial revolution now in progress, and we girls are running it.

A massive force of self-reliant gals are today earning their bread and butter as workers on America's production lines. They're doing man-sized jobs, and they're getting man-sized ideas.

These peacetime "Rosie the Riveters" feel they are proving beyond a doubt that women can handle industrial tasks as well as men, according to officials in government, industry and labor. It is also pointed out that their influence and determination are just beginning to be felt.

Thousands of women who stepped into men's jobs during World War II stayed on when hostilities ended. Bureau of the Census figures show that approximately 3,262,000 gals are now employed in the so-called blue-collar class as compared to 2,030,000 in 1940.

For the most part they're working on assembly lines in light industries where finger dexterity and quick movements are required. Expanding fields such as electronics are drawing women. Other areas where they are employed in large numbers include aircraft, transportation equipment, instruments and related products, machinery, and fabricated metal products.

Women are now taking a bigger part in the labor movement. This change may not be as startling as the guaranteed annual wage or merger of the AFL and CIO, but it can hardly be minimized.

"On the local level an increasing number of women are job stewards in unions," says Ethel

Erickson who is one of the Labor Department's top experts in this field. "Women are also more articulate than they once used to be. They can fuss just as well as men and go out on the picket line just as fast."

Here's how Peter Henle, Assistant Director of Research for the AFL sees it. "Within organized labor women have the same rights

and privileges as men — deserving the same degree of union protection and support." But he adds,

"At the same time we expect our women members to accept their union responsibilities with equal vigor, pay dues, attend union meetings and even walk picket lines."

Industrial women are also in the thick of political activities, say union officials. "For the first time many of them realize that as workers they are directly affected by local and national legislation," notes Mrs. Margaret Thornburgh who heads the women's division of the AFL's Labor League for Political Education.

After a year of traveling across the country talking to women union members, she reports more and more gals are entering into political and labor affairs.

The same idea is confirmed by Mrs. Helen Berthelot, Legislative Representative for the Communication Workers of America (CIO). "Women are as good organizers as men," she notes. "They are especially able when it comes to following out details. And there is a natural follow-up from union activity to political activity."

Women, however, are not too successful when they try to organize men, admits Mrs. Berthelot with a laugh. And as a personal

opinion she thinks a gal would rather work for a man than another woman.

The distaff side of the nation's industrial labor force is by no means completely satisfied. There are still problems. One of them was pointed up by Labor Secretary James Mitchell at a recent government conference on woman power.

"Over the years," he said, "women have been going into new occupational fields and can now be found in almost every kind of job. Most women, however, are concentrated in a relatively limited number of occupations."

Another difficulty arises in connection with advancement and a future.

Many employers are still reluctant to train women workers for higher jobs in industry, in the opinion of Ethel Erickson. "Their fundamental philosophy is that of thinking in terms of men," she says. "For years they have been offering men promotion opportunities and it's hard to change. Some of them feel it's financially risky to give women expensive training with the possibility of marriage or responsibilities of a home and family."

Brown Swiss Cattle Breeders in Record

The National Brown Swiss Cattle Breeders' Association of Beloit, Wis., reports a Brown Swiss cow owned by North Repelmar Farm of Versailles, has recently completed a production record which gains her special recognition among the leading producers for the Brown Swiss breed.

The association states that the cow, North Repelmar Symay 220699, calved at the age of three years and eight months, thus classifying her as a Senior Three-Year-Old. She produced in 359 days on two time daily milking a total of 16,746.9 pounds of milk, 4.34 per cent test, 726.84 pounds of butterfat.

The National Breed Organization states that this record is sufficiently high to rank the Repelmar Farm cow in eighth position as a Senior Three-Year-Old in the Yearly 2x milking classification among all leading producers of the Brown Swiss breed.

Class of '55 at High Schools Wind Up Four Years Of Study and Activity

Many Familiar Faces Will Graduate Soon to Begin Careers or Further Education for Which They Have Been Preparing
School Will Officially Close May 20 After Undergraduates Receive Their Grade Cards In The Morning

SECTION TWO

Class of '55 To Get Honors For Activities

By Larry Owen

The graduates of Smith-Cotton High School will have many activities before the end of school. Both the boys and the girls will be feted on their activities before commencement.

On Tuesday, May 10, the senior girls and their mothers will be the guests of the American Association of University Women at their annual tea for the girls and their mothers; Friday, May 13, will be the annual recognition assembly at which students earning letters in different fields will be awarded them, also on Friday, in the evening, the senior student council will hold its annual banquet.

Sunday afternoon, May 15, the baccalaureate services for the seniors will be held in the S-C auditorium. This is the time when all seniors attend reverent services together.

On Monday, May 16, the candle light service will hand the juniors the power to govern the school next year as seniors. In this ceremony the seniors turn the reigns of president and vice-president of the senior student council, senior class president, and senior queen and attendants over to the incoming officers of next year's senior class.

Tuesday, May 17, the annual Junior-Senior tea will be held. This is an annual reception in honor of the seniors. Preparations are made by the juniors; Tuesday evening will be the spring formal, the big formal dance of the year.

The "S" Club holds its banquet and initiation ceremonies on Wednesday, May 18, in the S-C cafeteria. This permits seniors chosen by the "S" Club to join with past graduates, who have lettered, into an alumni organization.

May 19, Thursday, is the commencement for the senior class of 1955. The Jennie Jaynes Lewis Stadium will be the scene for the graduation from Smith-Cotton High School. The diplomas will be given there.

School will be officially out on May 20, after underclass students receive their grade cards on Friday morning.

Seats For Sinners
PITTSBURGH, Pa. (AP) — County commissioners appropriated \$3,000 for new benches at the Greater Pittsburgh Airport — for sinners.

Commissioner John M. Walker asked whether the benches would be for "saints or sinners."

John B. Sweeney, county aviation director, gave him a puzzled look.

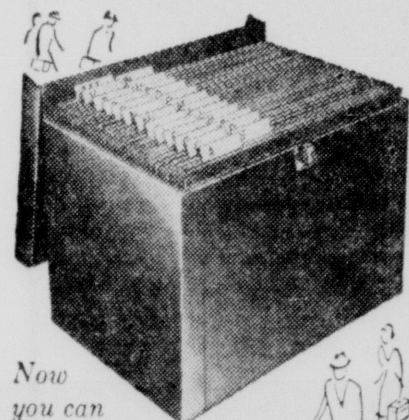

"I mean will they be hard or soft benches," Walker explained.

Public Library Notes--

Has Many Reference Books On Colleges, Scholarships

The approach of high school commencement each year sends many seniors and their parents to the Sedalia Public Library in search of college catalogs and information about scholarships and fellowships.

The library staff has recently received such questions as "Where are schools of nursing in Colorado?" "What is the address of the business school in Tulsa?" "Do you have a list of available scholarships and fellowships?" "What colleges have summer sessions?" and many others.

The following reference works are suggested for the inquiring student: Suzanne Emerson's "Off to College," "Choosing the Right College," by Annette Turngren, and "So This Is College," by Paul Landis. All three books present general information on college life. Another helpful book is one by Nathan H. Mager called "How to Pass College Entrance Tests."

Prospective students should learn to take advantage of scholarships or fellowships, and the library has a book called "Scholarships, Fel-

lowships and Loans," by S. Norman Feingold, which lists hundreds of scholarships and fellowships. A helpful book for those who need to supplement their income during college attendance is "Working Your Way Through College." This pamphlet is a practical guide for high school and college students and their advisers.

A book on the proper way to study also will be of use. In this category will be found "How to Use Your Mind, a Psychology of Study," by H. D. Kitson.

The library also has bulletins from junior colleges, colleges, and universities in Missouri and other states throughout the country. These catalogs list courses, instructors, entrance requirements, and other information and may be checked out of the library.

Gynecologist Will Address Medic Forum

Dr. Clarence D. Davis, Columbia, Mo., professor and chairman of the department of obstetrics and gynecology at the University of Missouri School of Medicine, will be the guest lecturer at the Pettis County Medical Forum Tuesday, May 10. The subject to be discussed by Dr. Davis will be "For Women Only."

There are three broad periods in the life cycle of women, the adolescent and puberty period before maturity, the child bearing age, and the change of life and after. Each of these periods present problems peculiar to that age group. These problems may not only concern the individual herself but may have profound effects on her family and even her community.

The gangly girl in pigtails who plays with her dolls suddenly within a few months blossoms out into a physically mature individual. These changes necessitate a change in attitude of her family and friends toward her and sometimes this change, or the lack of it, produces emotional upsets. Upon reaching the child bearing age

another and entirely different situation confronts women. Now she must start working to earn her own living and be a self-sustaining member of the home and community or else she marries. Nowadays marriage most often does not confine the woman to the home because due to our standards and the cost of living she must continue to work outside the home. Often, with the birth of the children, family income is actually decreased. This extra stress and strain may produce emotional and actual physical problems.

With the onset of the so-called change of life, more and new factors are produced. Often her children are now at the age where they are leaving home and she finds her once very busy days now grow long on her hands. These added conflicts on an already unstable emotional system may produce undesired symptoms, or even severe reactions.

These factors that are peculiar to women not only concern her but also the male members of the family. Most men simply don't understand many of the behavior problems of their wife or daughter. By knowing some of the physiological elements involved he may be more understanding and many unpleasant incidences avoided. Consequently all men are invited to attend the forum.

The Pettis County Medical For-

ums are sponsored and presented by The Sedalia Democrat-Capital and the Pettis County Medical Society as a public service. There is no admission charge and the public is invited to attend. This is the final forum in the Spring series.

The expectation of life for white females in the United States ex-

ceeds that of males by about six years at birth.

A BRIGHT FUTURE---

for the class
of 1955

YOU'RE AWAY
to a
GOOD START

To our way of thinking the most significant thing about your graduation is this: You have demonstrated the ability to "finish what you began". Hold steadfast to this integrity of purpose. It is basic to success.

We have helped many graduates, of years past, to chart a sound course into the future. We have watched them get where they wanted to in life... mainly by forging persistently forward to their goals.

Many of you will go to further learning, others to jobs... later to become the backbone of our community... our nation. Our most sincere congratulations and best wishes to each of you.

Mrs. Williams Visits Mother At Smithton

By Verona Neumeyer
SMITHTON—Mrs. William Williams, Ottawa, Kan., has been staying with her mother, Mrs. W. H. Griffin, who has been ill and confined to her home. She is reported to be improved.

The condition of Mrs. S. E. Henderson, a patient at Bothwell Hospital, is reported to be about the same. She has been seriously ill for the past ten days.

Mr. and Mrs. Delbert Melendy, Kansas City, are in Smithton remodeling their home. The home will either be rented or go on sale in the next few weeks.

Mr. and Mrs. Shelby Kahrs, Kansas City, formerly of Smithton, are building a new home in Smithton in the southwest part of town. Mr. and Mrs. Kahrs and three daughters expect to return to the community sometime in the late summer.

A. H. Sartin is building a home in the south section of Smithton. The home will be for sale or rent. Arthur Homan, formerly of Florence, is building a home in the southwest section of Smithton. The home will be completed late this summer.

Mrs. A. F. Oehrke has been ill and confined to her home the past two weeks. She injured one of her fingers recently and an infection set in.

Mr. and Mrs. Ira DeHaven have moved back to their home in the country after living for several years in Kansas City, near their daughter, Mrs. John Phillips and family. Mr. DeHaven was ill some time last winter. He is reported as improved.

Mrs. W. B. O'Leary has been ill for the past month, but is reportedly improved. Mrs. V. F. Carpenter spent last Sunday visiting in the home of her parents, Mr. and Mrs. H. D. Monsees.

Mr. and Mrs. George Hall, formerly of south of Smithton and Sedalia, are operating a service station east of Smithton at the

488th Bomb Squadron Given Trophies For Flying Status

The awarding of miniature silver B-47 trophies Monday to an air crew, ground crew, and the commander of the 488th Bomb Squadron climaxed a week of furious flying activity among the Wing squadrons.

The big push, geared to bring a number of crews to combat-ready status, saw the three bomb squadrons flying over 20 sorties in the span of three days.

To foster competitive spirit among the crews, their mission accomplishments were rated on a point basis in relation to the requirements set up for them. These requirements included aerial refueling, radar bombing of selected targets, celestial navigation and others.

A winning performance, of course, depended upon the ability of not only the air crew but also the ground crew keeping the aircraft and equipment in operation.

The ground crew of the 488th Bomb Squadron, which won the competition, kept their aircraft flying on schedule and kept the equipment in top condition. That the men who fly the planes recognize and appreciate this quality maintenance was indicated by their enthusiastic applause when T-Sgt. E. S. Pant, A-2c J. F. Mowrer and A-2c H. Lofland stepped up to receive their trophy.

Col. A. J. Beck, Wing Commander, presented the awards following the critique Monday afternoon at the 486th Briefing Room.

The 488th air crew which received the top award was that of Capt. M. W. Short, Aircraft Commander; R. F. Brock, co-pilot; and Capt. J. L. Larma, Observer. This win was by no means je-

intersection of the east Smithton road. Mrs. Hall is serving short order lunches at the station.

Robert Griffin, a patient at the Kansas City Medical Center, Kansas City, Kan., for the past six months, is reported to have made some improvement.

McDonnell Builds New Model Convertiplane

WASHINGTON (AP)—A St. Louis aircraft firm has tested successfully a new military airplane which takes off vertically, moves forward like a conventional craft and then lands like a helicopter.

The Defense Department yesterday disclosed this aeronautical "first" achieved by the McDonnell Aircraft Corp.'s XV1 convertiplane.

Flown by test pilot John R. Noll, the convertiplane's overhead rotor lifted it off the ground in the same fashion as a helicopter. After climbing to a safe altitude, Noll shifted power from the rotor to a pusher-type propeller behind the

cabin and the plane moved forward. In landing, Noll reversed the procedure and the machine settled vertically to earth.

McDonnell thus became the first company to put a convertiplane through a successful air test of the helicopter-plane-helicopter cycle.

The XV1 is designed to carry three passengers, or two litter patients and a medical attendant, in addition to its pilot.

Chicago Growth Charted

CHICAGO (AP)—Chicago's metropolitan population is estimated at 5,988,000 by the University of Chicago Community Inventory and the Cripps Foundation of Miami University. Chicago itself has 3,789,000, an increase of 4.6 per cent since the 1950 census. The surrounding suburbs have increased 17.3 per cent in population.

By April, 1965, the metropolitan population will reach 6,762,000, with an increase of 179,000 in Chicago and 595,000 in the suburbs, the study estimates.

A university of Illinois study indicates that children usually learn the grammar they will use for the rest of their lives between their first and third birthdays.

Talent Show Is Conducted At Sedalia Air Force Base

Thirty-eight of the most talented performers from bases throughout the Middle West converged on Sedalia Air Force Base this week for the Great Plains Talent and Barbershop Quartet Contest which was held at the base theatre Tuesday and Wednesday nights.

Each of the contestants had survived base and Great Plains regional eliminations and faced their biggest test here in the area-wide competition. Sedalia was also the site of the Eastern District Eliminations two weeks ago.

Included in the group were four attractive WAF entrants who caused a stir among the airman stationed here. SAFB, of course, has no WAF personnel.

The contestants competed in ten categories, classed as follows: vocal group, WAF vocalist, male vocalist, instrumental group, dancing, instrumentalist, barbershop quartet, master of ceremonies, western or hill billy and novelty.

US Enters Era of A-Weapons; Guided Missiles Next Tests

By DOUGLAS LARSEN
NEA Staff Correspondent

LAS VEGAS, Nev.—(NEA)—The U.S. has entered a new phase of nuclear weapon development, heralding the day when conventional explosives will be used only in small arms.

This results from startling strides made during "Operation Teapot," the series of atomic tests begun last February and climaxed by the dramatic public "open" shot.

Newer, smaller and more efficient "packages" have been perfected. They now know that they can control the "yield" of atomic explosives with great accuracy. And the means of making far more efficient use of the radioactive raw materials has been proved.

These successes have been so significant that plans for the next series of tests to be held in the Pacific are being speeded up.

Army and Air Force guided missile experts have been observers here in preparation for the upcoming Pacific series. They will be part of the joint task force which is already being assembled for that operation.

For the first time out there guided missiles with atomic warheads will be fired. It's likely that either the Army's Corporal

community went to Tipton last week and received their Salk vaccine shots.

Mr. and Mrs. O. D. Scheiner, California, were Sunday afternoon visitors in the home of Mr. and Mrs. Ray Wells.

Mrs. Lily Fletcher and son, John, California, were Sunday guests of Mr. and Mrs. Jeff Sullins and Mrs. Base Minister.

Mr. and Mrs. Harold Robertson, Jefferson City, were weekend guests of Mr. Robertson's mother, Mrs. Lelia Robertson, and son, Dan. They were all dinner guests on Sunday of Mr. and Mrs. J. E. Robertson and family.

Mrs. Josephine Medlin was able to return home Monday after spending the weekend in St. Mary's Hospital in Jefferson City.

C. D. Yarnell arrived Tuesday from Los Angeles, Calif., enroute to Chicago, Ill., and Cleveland, Ohio.

Clarksburg residents employed by the Weber Shoe Co., Tipton, are having a two-week paid vacation and received an extra bonus.

missile or Honest John rocket will be launched with nuclear charges in their noses.

This can be done only in the vast Atomic Energy Commission's Eniwetok Proving Ground. It's reported that the Nevada site henceforth will be used only for testing very small A-weapons.

The most dramatic proof that the AEC, Army and Air Force are ready to make live tests with this revolutionary weapons system is the extreme efficiency with which they carried off the series.

To veteran observers the assured, practiced handling of atomic weapons during the series was one of its most significant aspects. The numerous postponements were caused by more rigid requirements on minimum wind speeds to prevent fall-out on nearby communities.

The Army's participation in the atomic exercises was more successful than ever before, bringing the total number of troops in service who have been exposed to live shots up to 35,000. In case of war this body of men who have actual experience with live A-weapons would prove invaluable.

Army commanders were pleased with the way this group of men went through the tests. "I don't think a single soldier was apprehensive about being exposed to a blast this time," says Lt. Gen.

fail to meet this specification. It's even more impressive when you realize that some of the planes had to be in the process of performing maneuvers such as diving, climbing or rolling at the instant of blast.

Tests of clothing, equipment, supplies, vehicles and weapons also contributed significantly toward making the Army ready for a possible atomic war. Many of the problems of the use of radio and electronics equipment in an area where an atomic bomb has been detonated have now been solved.

Probably the most dramatic phase of the series was the Air Force participation. The weather postponements were especially hard on the Air Force's effort. Some of the planes which had to be in the blast area flew from all parts of the U.S. in extended missions. A postponement meant that a long flight, for instance, had to be quickly rescheduled with a brand new crew.

In one shot, for example, 140 planes would be positioned in the air around the shot. And each plane or drone had to be at an exact spot not more than 10 seconds early or late, 200 feet up or down, or 2,500 feet laterally. Not once, with a total of more than 800 planes flying in the area during the series, did one of them

Warsaw Students Have Junior-Senior Fetes

The junior-senior banquet for Warsaw High School was held May 5 at the Methodist Church preceding the junior-senior prom.

The invocation was given by Mr. Freund with a welcome by Sandra King. The senior response was given by Martha Cox and the faculty response by Mr. Campbell. Mr. Cooper gave the response of the board of education. Then they all sang the high school song.

Too Many Egyptians

CARBONDALE, Ill. (AP)—Because they are close to Cairo, Ill., many Southern Illinois firms call themselves "Egyptian." But J. N. Hendrix thinks it has been overdone. He operated the Egyptian Adjust-

ment Bureau for 14 years. But so much of his mail got mixed with that of other "Egyptian" firms that he has changed the name to Hendrix Collection Agency.

Forty-six Churches Attend Methodist's District Meet

With 46 churches (two of which, Georgetown and Hickory Chapel, had all officers present) represented by 375 attending, the Sedalia District Woman's Society of Christian Service of the Methodist Church met in its regular spring session in the "brand new" church in Clinton on Friday, April 29. The meeting was called to order with an organ prelude by the church organist, Miss Sarah Margaret Gilbert, with the district president, Mrs. Lee F. Soxman, Sedalia, in the choir. The theme of the day was: "Immortal Tiddings in Your Mortal Hands" and the hymn for the day was "Heralds of Christ."

The treasurer of the district, Mrs. Roy Gerster, Sedalia, reported that the finances of the district were in very good condition and the pledge to the conference had been paid in full.

The district officers' reports were interestingly given in the form of a television program: "This Is Your Work, Mrs. Methodist Woman" with the promotion secretary, Mrs. George Hart, Jr., Clinton, as master of ceremonies. At the conclusion of this part of the meeting an honorary life membership was presented to the retiring president, Mrs. Lee F. Soxman.

Fights Bathtub Ring
PITTSBURGH, Pa. (AP)—The ring around the bathtub is on its way down the drain, says Dr. H. B. Haas, president of the Sugar Research Foundation, Inc., an organization which looks for new uses for sugar and its by-products.

Haas says detergents which eliminate the bathtub ring will be on the market this summer. They're called "Sucrose Monofatty Acid Eaters."

The following were elected to be the officers of the district for the forthcoming two-year term beginning June 1: president, Mrs. George Hart, Jr., Clinton; vice-president, Mrs. Payton Shaffer, Appleton City; treasurer, Mrs. Roy Gerster, Sedalia; secretary of promotion, Mrs. Frank Waugh, Blairtown; recording secretary, Mrs. William McCune, New Bethel; and the following secretaries, missionary education and service, Mrs. E. D. Sutherland, First Church; spiritual life, Mrs. T. A. Huffine, Fifth Street; Christian social relations and local church activities, Mrs. John Silsby, Georgetown; supplies, Mrs. Earl Asbury, Pleasant Green; literature and publications, Mrs. Park Green, Epworth; student work, Miss Mary Elizabeth Tevebaugh, Houstonia; youth work, Mrs. A. C. Runge, First Church; children's work, Mrs. Myron Lindquist, Fifth Street; status of woman, Mrs. Walter E. Castle, Ottumwa; and missionary personnel, Mrs. J. H. DeVries, Stover.

The speaker of the morning was Miss Bertha Smith, Marshall, who is a retired missionary from Korea, where she served over 40 years until her imprisonment during the Korean conflict.

The Memorial Service for departed sisters of the district was conducted by Mrs. Lowell Glaze, Sedalia, and the devotional period of the day was led by Rev. E. L. Hobbs, also of Sedalia.

The traditional sack lunch and social time were enjoyed in the dining room of the church during which time music was wafted through loud speakers from a record player operated by Mrs. Ray-

mond Houts of the host church. The afternoon session was called to order with an organ prelude by Miss Gilbert, who also played during the offertory, "The Lost Chord," as the special music by the host church.

During the life membership recognition service conducted by Mrs. T. A. Huffine, Sedalia, 23 adult memberships, four baby memberships and seven from the Wesleyan Service Guild were acknowledged.

The local treasurers of the district pledged approximately \$10,200 as the district's part of the conference pledge and work.

The speaker of the afternoon was the president of the southwest Missouri Conference Women's Society of Christian Service of the Methodist Church, Mrs. Dewey Jones, Kansas City. After her informative and interesting talk on the organization, growth, and work

South Viet Nam Wants Republic If Recognized

SAIGON, South Viet Nam (AP)—South Viet Nam will proclaim herself a republic if assured recognition by the Western Big Three, a source close to Premier Ngo Dinh Diem said today.

The informant said Diem's government is confident of quick recognition from such non-Communist Asian nations as Japan, the Philippines, Nationalist China, South Korea, Cambodia and Thailand.

At present, this source continued, of the Woman's Society, Mrs. Jones installed the officers for the district as elected in the morning session.

the only stumbling block to the South's move to throw out chief of state Bao Dai is the attitude of the great powers.

"There is no question of creating a constitutional monarchy as suggested in the United States," said Diem's associate. "The idea is outmoded, unacceptable to the

aroused Vietnamese people, and absurd."

Bao Dai would be the logical contender for the throne of a constitutional monarchy. He was the figurehead emperor of the central Indochina kingdom of Annam — now part of South Viet Nam—until his abdication in 1945. The United

States reportedly considered even a figurehead monarch would have a stabilizing influence on the politically fragmented country.

Muessig-Lammers Wedding May 2nd At Tipton Church

Miss Joan Muessig was married to Charles Lammers May 2 at 8:30 a.m. in St. Andrew's Catholic Church, Tipton. The bride is the daughter of Mr. and Mrs. Robert Muessig of Tipton, and Mr. Lammers is the son of Mr. and Mrs. August Lammers of Pilot Grove.

The double ring ceremony was performed before a decorated altar of gladioli and spirea by the Rev. Fr. H. J. Breit who was also celebrant of the Nuptial High Mass.

The bride wore a gown of Chantilly lace and illusion over bridal satin, designed with a fitted bodice fastened with tiny covered buttons and long lace sleeves forming a calla lily point over the hands. Her full skirt of nylon net with lace panels over satin was worn over hoops and had a chapel length train. The fingertip veil was attached to a crown of seed pearls and rhinestones. The bride's bouquet was of white carnations with white satin streamers.

Mrs. Dorothy Schuster, sister of the bride, was matron of honor. Her floor length gown was of orchid tulle with an overskirt of net. Her colonial bouquet was of yellow carnations.

Miss Joan Lammers, sister of the groom, was bridesmaid. Her gown was of orchid tulle with an overskirt of net styled identically to that of the matron of honor. Her colonial bouquet was of yellow carnations.

Donald Lammers, brother of the groom, was best man. Paul Muessig, brother of the bride, served as groomsmen.

Misses Connie Nold, Mary Lee Kempf, Anita Hartman and Mrs. Raymond Martin acted as flower girls. Their ballerina forms were identical and of contrasting hue. They carried baskets of snapdragons.

The ushers were James Lammers, Charles Nold, Edwin Kammerich and Roy Stoelcklin.

For her daughter's wedding Mrs. Muessig chose a navy blue dress with matching accessories and a white carnation corsage. The bridegroom's mother wore a dress of navy blue with matching accessories and also a white corsage.

At noon a dinner was served at Keuper Center to approximately 75 guests. The bride's table was centered with a three tiered cake and topped with a miniature bride and bridegroom.

The dining room was decorated in a rainbow motif and the tables were graced with white candles and red roses.

In the evening a dance was held at Keuper Center, the music being furnished by Lee Brandt's orchestra of Sedalia.

For her going away outfit the bride wore a suit of emerald green with silver gray accessories and a corsage of pink roses, a gift of the groom.

After the extended wedding trip the couple will reside at 1203 Sante Fe Trail, Booneville, Mo. Mrs. Lammers is employed at the Weber Shoe Co., Inc., Tipton. Mr. Lammers is employed at the McGrath Electrical Plant, Booneville.

The bridegroom is a graduate of Pilot Grove High School with the class of 1947 and served two years in the U.S. Marines.

Out of town guests present for the wedding were Mrs. Porter Arnold, Kansas City; Kenneth Vogel, Ronald Hake, Charles, Connie and Sylvia Nold, Montrose, Mr. and Mrs. August Lammers and family, Mrs. John Schweitzer, Mrs. Harland Schup and Margie, Mr. and Mrs. William Lammers and Jeanette, Mr. and Mrs. Emil Bock and Dorothy, Mrs. Charles Shea and son, Mr. and Mrs. Herbert Meyer, Mr. and Mrs. Frank Lammers, Mr. and Mrs. Herman Lammers, Mr. and Mrs. Richard Lammers, Mr. and Mrs. William Kempf, and Mrs. Grace Quinlin, all of Pilot Grove.

Cradle Shower Given For Mrs. Rouchka

A cradle shower was given for Mrs. Frank Rouchka by Mrs. Adolph Belker, Mrs. Albert Racunas and Mrs. Ralph Rabourn at the home of Mrs. Belker, 508 West Fifth.

The color scheme of green and yellow was used with mint cups made in the form of daisies. A baby cradle flower container filled with pansies centered the table for the guest of honor and on the bookcase was a large stork with baby shoes. The basket liner was of yellow with yellow and green bows.

Games were played with prizes being baby gifts which were also given to Mrs. Rouchka.

Refreshments were lime sherbert and cupcakes with baby shoes on top.

Guests were Mrs. Elmer Odenahl, Mrs. Regina Reneager, Mrs. Mary Frances Rouchka, Mrs. Libby Stohr, Mrs. Betty Burke, Mrs. Marcella Hein, Miss Agnes Rouchka, Mrs. Marie Sebek, Mrs. Naomi Brown, Mrs. Marie Wiemholt, Mrs. Laura Riley, Mrs. Margaret Zuroweste, Mrs. Dolly Mehl, Mrs. Helen Farris, Mrs. Ethel Bowers, Mrs. Helen Mettler, Mrs. Annie Sullivan, Mrs. Coletta Peirson, Miss Mary Margaret Rouchka, Mrs. Naomi Edwards, Mrs. Nadine Stohr and Mrs. Libby Rouchka.

Unable to attend but who sent gifts were Mrs. R. C. Smallwood, Mrs. Blanch Imberger, Miss Julia O'Brien, Mrs. Fannie Grandlaskey and Mrs. Marie Eschbacher.

Mrs. Lawrence H. Wischmeier

Miss Waneta M. Kueck Exchange Vows With Lawrence Wischmeier

Miss Waneta M. Kueck, daughter of Mr. and Mrs. Edwin F. Kueck, Stover, exchanged vows with Mr. Lawrence H. Wischmeier, son of Mr. and Mrs. H. H. Wischmeier, Lincoln, at three o'clock Sunday afternoon, April 24 at the Christ Lutheran Church in Stover. The double ring ceremony was performed by the Rev. A. C. Zeilinger before an altar set with baskets of white gladioli, green ferns and lighted tapers in branched candelabra.

Mrs. R. G. Carney sang "A-

ways" and "The Lord's Prayer." She was accompanied by Mrs. Jewell Stevinson organist.

Miss Deanna Thorne, Kansas City, niece of the bride, lighted the candles. She wore a yellow ballerina length gown. Her wristlet corsage was of talisman roses.

Given in marriage by her father the bride wore a ballerina-length gown of imported lace and nylon tulle over satin with Queen Anne collar. The long lace sleeves came to points over the hands. Her fingertip veil cascaded from a lace headress. Her only jewelry were pearl earrings, gift of the groom. She carried a colonial bouquet of happiness roses.

Mrs. Harold Brauer, Sedalia, was the bride's only attendant. Her ballerina length gown was of blue and she wore a matching headress. She carried a colonial bouquet of talisman roses.

Mr. Herbert Kreissler, Independence, served as best man and ushers were Mr. Reno Warnke, Stover and Mr. Grove Wood, Kansas City.

For her daughter's wedding Mrs. Kueck chose a blue dress with black accessories. The bridegroom's mother wore a navy dress with matching accessories and each had corsages of white carnations.

After the ceremony a reception was held in the church parlor. The color scheme of pink and white was carried out. Mrs. Reno Warnke, Stover, presided at the punch bowl. Mrs. Richard Kueck, Mission, Kan., cut and served the cake and Mrs. C. F. Kueck, Versailles, served the ice cream. Mrs. Marion Gillen, Stover, was in charge of the guest book.

When the couple left for Arkansas the bride was wearing a navy dress with navy and white accessories. Her corsage was of red roses.

Prior to her marriage the bride was employed at the First Federal Savings and Loan Association in Kansas City.

The bridegroom is agent for MFA Oil Co. in Lincoln.

They are residing in Lincoln.

Annual Banquet Fetes Symphony At Country Club

The Sedalia Country Club was the scene of the annual banquet for the Sedalia Symphony Orchestra Thursday night with 70 people attending. This banquet is given each year by the board of directors of the Sedalia Symphony Society which fosters the orchestra.

The banquet was held during National and Inter-American Music Week, which normally recognizes the conclusion of year-round musical life in various communities in this and other countries.

Harry W. Walch, president of the Society, acted as toastmaster at the affair and introduced the board members, orchestra members, and their guests. Special tribute was paid by Walch to Abe Rosenthal, who has been conductor of the symphony ever since it was organized 20 years ago, as well as to Mrs. Carl Schrader, assistant conductor.

Bill Hopkins, publicity director for the symphony, exhibited proof sheets and photographs concerning a full page story which will be carried in the St. Louis Post Dispatch Monday relating to the Sedalia Symphony Orchestra and its contribution to the culture of Sedalia.

At the conclusion of the banquet a standing ovation was given to Walch for his outstanding work in the symphony program during the past year.

Following the banquet, the guests entertained themselves by dancing, participating in group singing, and playing cards.

Brazilian Addresses Nautilus Club Meeting

Miss Marita Gama of Brazil, a student at Central Missouri State College, Warrensburg, was the speaker at the last meeting of the 1954-55 series of meetings of the Nautilus Club held in LaMonte. Miss Gama gave a very interesting talk on her country and answered many questions about the customs and people of Brazil. She was introduced by Mrs. Raymond Wasson, student day chairman.

The meeting was opened with the devotion given by Mrs. C. E. Terry.

Miss Evelyn Fry, sophomore in THE LaMonte High School, who attended the Sophomore Pilgrimage to Jefferson City sponsored each year by the Citizenship Committee of the Missouri Federated Clubs, was introduced and gave an account of her visit to the state capital.

Mrs. Guy Bellew, the retiring president, installed the following officers for the 1955-56 year: Mrs. R. B. Burke, president; Mrs. Mabel Harris, vice - president; Mrs. Ira Williams Sr., secretary; Mrs. J. E. Wheeler, treasurer; Mrs. George Swope, recording secretary; Mrs. Fred Sharf, parliamentarian.

Mrs. R. B. Burke appointed her committees for the next year. The meeting was closed with a prayer by Miss Enid P. Johnson. The next meeting will be in September at the home of Mrs. J. E. Wheeler.

Marino Nuptials At Kansas City On April 30th

Miss Barbara Nancy Lay, daughter of Mr. and Mrs. Louis P. Lay, Knob Noster, became the bride of Mr. Jasper M. Marino, son of Mr. and Mrs. Pasquale Marino, Kansas City at 10 o'clock in the morning, Saturday, April 30. The double ring ceremony was read by the Rev. Clarence Fittel in the Church of the Holy Family, Kansas City, Palms, pink hydrangeas and baskets of pink gladioli decorated the church.

Miss Mary Anne Staab, Kansas City, played organ music and accompanied Miss Mary Arlado, also of Kansas City, who sang "Panis Angelicus", "O, Mother, Beloved" and "Ave Maria".

The bride was given in marriage by her father. Her white dotted swiss gown styled with torso bodice, was ballerina length, and her shoulder length veil of illusion fell from a coronet. The bouquet she carried was of white carnations surrounded with blue cornflowers with a shower of streamers of white ribbon and blue cornflowers.

Mrs. L. H. Hughes of Knob Noster, sister of the bride, and her only attendant, wore a ballerina length gown of powder blue crystal, fashioned with pin pleated neckline forming back panels. She wore a matching hat and her bouquet was of white carnations and blue cornflowers.

Mr. John Marino, brother of the bridegroom, served as best man. The flower girl, Susan Hughes, daughter of Mr. and Mrs. L. H. Hughes, wore a blue crystal dress and hat matching her mother's and her wrist corsage was of white carnations and blue cornflowers.

The bride's mother selected for her daughter's wedding a dress of blue silk with which she wore a corsage of pink and white carnations. The bridegroom's mother was attired in a rose silk dress and her corsage was also pink and white carnations.

Following the ceremony a brunch was held in a private dining room in the Bellview Hotel. A reception at 2 o'clock in the afternoon was held in the El Casbah Room of the Bellview Hotel in Kansas City with 150 guests attending.

The three tiered wedding cake was accented with pink roses and pale green leaves, silver dragees, and on top a spun sugar wedding bell edged with silver. The cake centered a long table decorated with candelabra and red roses.

Miss Mary E. Rice, Granite City, Ill., cousin of the bride, was in charge of the guest book. She wore a mauve dress and her corsage of pink and white carnations. Miss Rice is a daughter of Mr. and Mrs. Glen Rice.

The couple went on a wedding trip to St. Louis. For traveling the bride wore a suit of powder blue shade with white accessories.

The bride is a graduate of Knob Noster High School and attended Missouri Valley College, Marshall. She is a teacher in Northwest Junior High School.

The bridegroom attended the University of Kansas City and served two years in the Army. He is now special agent for the Insurance Company of North America.

The couple will reside at 4643 Campbell, Kansas City.

Those from Knob Noster attending the wedding reception were Mr. and Mrs. L. P. Lay, Mr. and Mrs. L. H. Hughes, daughter Susan, and sons, Mike and Phillip; Mrs. Cassie Underwood, Mr. and Mrs. Leroy Bailey and daughter, Doris, Mr. and Mrs. O. W. Peithman, Mrs. Edwin Hughes, Mr. and Mrs. C. F. Covey, Mr. and Mrs. P. G. Utley, Mr. and Mrs. H. A. Wimer, S. L. Adams, Mr. and Mrs. Bob Carr and Miss Mary Hogan.

TEL Class Meets At Mrs. Curran's Home

The TEL Class of the First Baptist Church met at the home of Mrs. Hazel Curran, 1617 West 14th, with 25 members and one visitor present.

Local Dry Cleaner Offers Hints On Care Of New Summer Cotton Dresses

Mr. Bob Overstreet, owner of Acme Cleaners claims to have good news for the girls who like those new Summer Cottons - to wit; you can keep 'em looking like new without the thankless chore of home washing.

"The secret," Mr. Overstreet said "is the new Sanitone Style-Set finish that restores 'body' to the fabric."

"It's better than starch," says Mr. Overstreet, "because it doesn't make garments stiff and crackly. Besides, it doesn't clog the pores of the fabric which helps to keep the wearer cool (which is the whole idea behind wearing cotton in the summer anyhow)". Another advantage claimed for this finish is its lasting qualities even in hot, muggy weather. Mr. Overstreet went on to report that Style-Set is a feature of his Sanitone Cotton Clinic, the subject of a recent ad in both the Saturday Evening Post and Ladies' Home Journal.

Doris Marie Maloney Is United In Marriage with Glenn Merk

Baskets of flowers, palms and candelabra holding lighted tapers formed the setting for the wedding of Miss Doris Marie Maloney, daughter of Mr. and Mrs. Walter Maloney, Smithton, and Mr. Glenn Elwood Merk, son of Mr. and Mrs. Joseph Merk, also of Smithton, at 2 o'clock in the afternoon, Sunday May 1. The double ring ceremony was performed by the Rev. Walter P. Arnold, Jefferson City, in the Methodist Church at Smithton.

Miss Doris Mae Stott, at the organ, played "Ah Sweet Mystery of Life" as the candles were lighted by Miss Wilma Steele, Kansas City and Miss Bonnie Merk, Smithton. The candelights were ballerina length dresses of tulle with net overskirts, Miss Steele's of pink and Miss Merk's of lavender. Their wrist corsages were of white carnations.

Miss Stott played the Bridal Chorus from Lohengrin as the processional and accompanied Mrs. Francis Yeager of Ottumwa, who sang "I Love You Truly" and "Because."

The bride was given in marriage by her father. She chose for her wedding a gown of slipper satin, ballerina length, designed with an overskirt of nylon tulle. The waist was of Chantilly lace that also extended down the front to form a panel. The long sleeves came to a point at the wrists. Her nylon tulle veil was attached to a cap of Chantilly lace trimmed with seed pearls and she carried a cascade of white roses.

Mrs. R. Eugene Vance, Olathe, Kan., cousin of the bride was her only attendant. Mrs. Vance wore a mint green ballerina length gown of tulle with net overskirt and she carried a bouquet of pink carnations.

Mr. Cloyd R. Merk, brother of the bridegroom, served as best man. Ushers were Dr. L. S. Davidson, Drexel, Mo., Mr. R. Eugene Vance, Olathe, Kan., Mr. Robert E. Maloney, Kansas City, Kan., and Mr. Charles Merk, Florence, Mo.

Diane Davidson, cousin of the bride and daughter of Dr. and Mrs. L. S. Davidson wearing a ballerina length dress of peach tulle with net overskirt, was flower girl.

Donnie Merk, son of Mr. and Mrs. Cloyd R. Merk, and nephew of the bridegroom, carried the rings on a white satin pillow. He wore blue trousers with a light coat and a bow tie.

The bride's mother wore a dress of navy blue sheer with accessories of navy and pink. Her corsage was of pink carnations. The bridegroom's mother was in a dress of

white shade with navy and white accessories and her corsage was of white carnations.

Immediately following the ceremony a reception was held in the church basement with approximately 200 guests attending.

The four tiered cake was white decorated with pink roses and blue bows with a miniature bride and bridegroom on top. The cake and punch bowl were on the bride's table which was covered with a linen cloth. On either side of the cake were double candelabra tied with pink and green bows and holding lighted candles. Over the table was a canopy of white crepe paper streamers with large white bells directly over the cake and at the corners of the canopy. Arrangements of flowers were used about the room.

Serving were Mrs. L. S. Davidson, Drexel, Mo., Mrs. Robert E. Maloney, Miss Carolyn Davidson and Miss Wilma Steele, all of Kansas City, with Miss Dixie Maloney in charge of the guest book.

The couple went to the Lake of the Ozarks on the wedding trip and the bride wore for traveling a light blue suit, black patent accessories, white hat and gloves. Her corsage was of white roses.

The bride is a graduate of Smithton High School and was formerly employed by the Universal Underwriters Insurance Company in Kansas City. The bridegroom also attended Smithton High School and is employed by Swift and Company.

The couple will reside at 1412 South Grand, Sedalia.

New Make-Up Seems To So Completely Cover the "Sins" of Your Skin

At last comes the one perfecting Make-Up to deliver you forever from the array of pre-foundations, after-make-ups, touch-up sticks, line erasers, and special this for special that. So amazing is the covering power of LANOLIN Plus Liquid Make-Up that you could, if you wished, wear a shade lighter than your own skin. Yet there is no heavy masky look.

From the second you silk it on, those tiny lines and imperfections just seem to vanish. Your skin takes on a new, sheltered, fragile, cared-for look. Indeed, here is the new fashion in faces. But more! Every minute of every hour you are wearing LANOLIN Plus Liquid Make-Up, wonder-working cholesterols and esters most like nature's own skin lubricants are working to help keep your skin youthfully softer and smoother. In a complete range of skin-keyed shades, \$1 plus tax wherever cosmetics are sold.

There is only one genuine LANOLIN PLUS!

Lanolin Plus Liquid Make-Up

Happy Mother's Day to you Mothers. Did you receive a new dress, blouse or lingerie for a gift? If so, check your cleaning or washing instructions. With so many wonderful new miracle fabrics there are all sorts of proper instructions. Most of the garments have little tags telling you how to care for them and the life of your garment depends on how well you take care of it. If you haven't purchased your summer lingerie, be sure to see the new batiste and dacron slips and petticoats. They are beautiful, require little or no pressing and a smooth finish for the straightest of skirts. The new all cotton fabric in lingerie is "honeycomb" and it is a real honey. Nice for under sheer dresses as most of the slips and petticoats have a pleated ruffle at the bottom that does away with "that too short" look. Be sure to see these new things while the selection is complete.

Barbara Wise Becomes Bride Of R. Schroeder

Baskets of pink and white snapdragons formed the setting at the altar of Mount Herman Baptist Church on Wednesday, April 27, at 7 o'clock in the evening when Miss Barbara Sue Wise, daughter of Mr. and Mrs. Charles Wise, Route 4, Sedalia, became the bride of Mr. Richard Dee Schroeder, son of Mr. and Mrs. W. H. Schroeder, Hughesville. The double ring ceremony was performed by the Rev. Warren Green.

Miss Mary Alice Hutchison, Sedalia, at the piano, played "Ah, Sweet Mystery of Life" and the traditional wedding march.

Miss Loretta Schroeder, sister of the bridegroom, read the poem, "How Do I Love Thee?"

Given in marriage by her brother, Mr. Eddie Clinton Wise, the bride wore a gown of white tulle, ballerina length, fashioned princess style. Lace flowers were scattered over the very full net overskirt and her fingertip veil was attached to a headband of ruffled net. She wore white gloves, a single strand of pearls as an ornament, and carried a bouquet of white carnations tied with white satin streamers.

Miss Ruth Ann Todd, Hughesville, as maid of honor, wore a pink gown identical to that of the bride's with headress of ruffled net. Her bouquet was of white carnations.

Mr. Melvin Leicher of Hughesville, served Mr. Schroeder as best man.

The mothers of both the bride and bridegroom wore navy blue with matching accessories and their corsages were of white carnations.

The wedding was attended by close relatives of the couple. Approximately 50 guests attended the reception that was held at the home of the bride's parents following the ceremony.

Bouquets of pink and white snapdragons and white candles decorated the home. A lace cloth was on the dining room table and a cluster of white roses decorated the two-tier wedding cake that centered the table.

Serving were Miss Ann Schroeder, Hughesville, sister of the bridegroom, and Mrs. R. E. Gunder, Pittsfield, Ill., aunt of the bride.

The bride was graduated from the Hughesville High School in 1954 and has been employed at the F. W. Woolworth Co.

Mr. Schroeder is a graduate of Hughesville High School, also in the class of 1954, and is employed at the Smith Dairy at Hughesville.

The couple is now at home at the Harrison apartments.

....and Today We Wrote History!

We've just lived through the event of one of medicine's greatest achievements: the Salk anti-Polio Vaccine. One of the most dreaded killers and cripples of children has finally bowed to the relentless work of medical research specialists.

Pharmaceutical firms are hard at work too; one-fourth of the employees of a typical pharmaceutical firm devote their full time to research in their never-ending job of keeping abreast of continuing advances in medical and pharmaceutical sciences.

What was yesterday a world-shaking medical discovery, is today a reality, in stock at our local pharmacy, and tomorrow just history taken for granted. All through the efforts of these pharmaceutical and medical researchers. Can we judge their products only in the light of what they cost us in dollars and cents?

Television Has Given Eastern Actors Wealth

By BOB THOMAS
HOLLYWOOD (AP)—There was a time when Eastern actors would come to Hollywood with hat in hand, hopeful for what the movies could give them. Television has changed all that.

TV actors can afford to be independent and they are. Most of them realize that the films can help build their names and bank accounts. But movies today provide steady employment for only a choice few. And so New York actors need not wait around for roles here. They can head East and keep active.

One such performer is Rod Steiger, the chunky young actor who won an Oscar nomination for his second film, "On the Waterfront." He said he was happy with the nomination, which improved his professional standing and earning power.

But he was even prouder of the Sylvania Award. Reason: he got the Academy honor for just one role. The TV honor came for a variety of portrayals, from Andrei Vishinsky to the love-struck Marty.

"I like doing pictures," Steiger said. "But I'm convinced that you should never come to Hollywood until you've established your name in another medium. If you don't you can get lost here."

He feels that Hollywood has underestimated the power of TV to establish names.

"They say that TV actors have to go to Hollywood or Broadway to make a name for themselves," he declared. "That's a lot of baloney. Last summer Kim Stanley took 'The Traveling Lady' to Michigan and turned away 500 people every night. It was not because of her Broadway reputation, but because she had done the show on TV."

"It's the same way with names like Arlene Francis and Wally Cox when they go out and do summer theaters."

Time to Complain
SAN ANTONIO, Tex. (AP)—City Manager George Rice holds a "Squawk Day" once a week for the average citizen to tell his complaints about city services.

Mother's Day entertainment at the Fox finds the superscope Camera exploring the beauty, tension and excitement of a thrilling new world "Underwater!" In technicolor, "Underwater" stars Jane Russell, with Richard Egan, Gilbert Roland and Lori Nelson and is a story of a modern-day treasure hunt on the bottom of the ocean.

Mrs. Miller Honored With Basket Supper

By Mrs. Thomas W. Miller
TIPTON—A basket supper was held Sunday evening at the Farmers' and Sportsmen's Club to celebrate the birthday of Mrs. Andy Miller.

Well-filled baskets were opened at dinner. A decorated cake was the table centerpiece.

Mrs. Miller was 82 Saturday and everyone wished her many more happy birthdays.

The get-together was most enjoyable to all attending.

Those present were Mr. and Mrs. Leo Miller and son, Bob, Mr. and Mrs. Louis Miller, Mr. and Mrs. Ed Miller and son, Nathan, Mr. and Mrs. Frank Miller, Mr. and Mrs. Bill Moss and children, Lynne and Gary, r. and Mrs. Elmer Miller and children, Janice, Joe and Marilyn, Mr. and Mrs. George Kutenkuler and children, Lynne and Gary, Mr. and Mrs. Bill Bookout and daughter, Sandra, Mr. and Mrs. Joe Scott and daughter, Debby, Mrs. Bertha Miller, Mrs. Laura Barnhart and Mr. and Mrs. Will Rau from Boonville.

Mr. and Mrs. Carl Weingart,

owners of a hardware store in Tipton, entertained as their Sunday guests at their farm 13 miles west of Rolla, Mr. and Mrs. John Weingart and Mr. and Mrs. J. P. Jones and children, all of St. Louis, and Tom Smith and three of his classmates from the Missouri School of Mines at Rolla.

Dr. and Mrs. H. W. Frerking and children, Billy Preston and Sally, Miss Kay Shoenbeck, spent the weekend in Tipton as guests in the home of Mrs. Frerking's parents, Mr. and Mrs. Preston Hays.

Mr. and Mrs. O. J. Bernskoetter have sold their farm southeast of Tipton to Mr. and Mrs. Earl Norman. The Normans have sold their 353 acres of farm land, along Highway 50 east of town, to Mr. and Mrs. Otis Onsrud and Mr. and Mrs. Roland Kading, all of Madison, Wis.

Possession of the properties will be given the first week of September and October.

Mr. and Mrs. Bernskoetter will hold a public sale on Wednesday, May 18. Following this sale they will return to Jefferson City. They have a son, Cecil who returned last year from the armed forces. He spent 16 months in Korea. Another child, a daughter, Virginia, Mrs. Russell Guerdan, lives in Granite City, Ill. They purchased the farm from Mrs. I. S. Ferguson and had remodeled the residence on the property.

A year ago Mr. and Mrs. Norman built a new home on their farm.

The couples coming to the farm from Wisconsin plan to operate a dairy. They are bringing with them 60 head of Holsteins.

The Ira Grubb residence property recently purchased by H. F. Dahl was sold at public auction Saturday, May 7.

The land adjoining the residence has been divided into three building lots was also sold at the auction by Mr. Dahl.

Besides the home and lots a quantity of household furnishings and other articles were auctioned. Mrs. Gene Norman served as secretary to Superintendent Ira G.

Laraine Day Is Giants Star of Day

NEW YORK, May 7.—To viewers elsewhere in the country, Laraine Day is known as the movie actress who does occasional TV dramatic roles. But to New York fans she's the star of day with the Giants.

Before each home game of the New York Giants, managed by her husband Leo Durocher, she appears on TV.

Come baseball season, she refuses to accept acting roles on TV or elsewhere, preferring to stick to her 15-minute program of interviews with players over New York's WPIX.

That's some progress for Miss Day, who admits she didn't know anything about baseball before she became Mrs. Durocher.

"I really didn't like it," she confesses.

"I really don't like it now—I suffer so much."

"It's tough when you play every position and manage too."

Laraine, like Leo takes rises and falls in Giant fortunes seriously. During a Giant losing streak, neither is in a mood for levity.

In her program Miss Day shuns technicalities.

"We try to stress human interest angles that might appeal to women," she explains.

"We try to present the players as personalities and individuals. I think statistics are frightfully dull and I don't think women are interested in columns of figures showing how many hits, errors and putouts a player has scored."

Laraine thinks she has the women's viewpoint of the game and the record bears her out. Her pre-game interviews now are in their fourth season and the club reports women's attendance has gained substantially.

Laraine telecasts from a special studio at the Polo grounds. She loyally sits through the games afterward and cheers Leo and the Giants, but doesn't accompany them on road trips. She flies back to their Hollywood home until the team returns or another home stand.

A veteran entertainer whose name long has been a byword in foreign capitals will soon make his American TV debut.

He's actor Carl Brisson, who has charmed two generations of fans on two continents in supper

Grubb at the public school office Monday in the absence of Miss Mary Lee Kempf.

Toby Lademann Tipton furniture store owner, served as a jurymen in the U.S. Federal Court, Western District of Missouri, in Jefferson City, four days last week. Another from this territory serving on the jury was John Gerhardt, Bunce-ton.

While traveling 17000 miles by Jeep and on foot thru the wilds of Africa, Dr. William B. Treutle found among other things a noticeable scarcity of Barber shops. To solve the problem his little wife, "Small-Fry," using a leopard skin as a barber cloth, and her sewing scissors as hair shears, gave the good doctor the "works." Dr. and Mrs. Treutle brought back a film in color of tremendous historical importance, as well as a movie containing so many incredible scenes it's unbelievable. It's "KARAMOJA" story of the land of Karamojans, the worlds last lost tribe of Israel. "KARAMOJA" will show at the Uptown Theatre starting today in conjunction with Quentin Reynolds' shocking story "Half Way To Hell."

Brisson is not a complete stranger to the general public in this country. He was featured in three films produced by North American Television Co. and due to be distributed directly to U.S. stations by National Telefilm Associates. He goes in Europe, and has just com-

Pidgeon Keeps Steady Pace Despite Age

By BOB THOMAS
HOLLYWOOD — After 30 years in the movies, Walter Pidgeon shows no signs of slowing down. To demonstrate his durability, MGM is pitting him against a robot in a space epic, "Forbidden Planet." Now he has done everything.

Pidge has come a long way from the Canadian boy who broke into the movies in 1925 with Dolores Costello in "The Mannequin." It took Hollywood 15 years to cash in on his suave talents.

Born in St. John, N. B., he won his first notice as the singing partner of Elsie Janis. He never made too great a dent on the public consciousness until 1937, when he first signed with MGM. He became—and remains—the most serviceable actor on the lot.

Perhaps his greatest fame came as costar with Greer Garson. They started together in "Blossoms in the Dust" and carried on through "Mrs. Miniver," "Madame Curie," "Mrs. Parkington," "Julia Misbehaves," "That Forsythe Woman," "The Miniver Story" and "Scandal at Scourie."

Last year Miss Garson left MGM to become a free lance, so a future costarring does not appear likely. Walter retains a lively interest in her career and raved about her TV debut in "Reunion in Vienna."

When Greer decided to leave the old home lot, Walter made the decision to stay on. "This studio takes good care of its people," he explained. "I'd be lost anywhere else. So last August signed on for another three years. It's the same kind of deal I had before—exclusive services for five pictures every two years. "When the contract is over, I'll probably never quit entirely. But it will be nice to slow down a bit."

Homemakers Entertained Guests Tuesday

Mrs. Cloyd Leftwich was hostess to the Longwood Homemakers Club May 3 with 18 members and four guests present. Mrs. Albert Anderson, Mrs. Roy Anderson, Mrs. Dan Smith and Miss Opal O'Brian.

Mrs. Paul Stephens, president, was in charge of the meeting and Mrs. Clay Jones gave the devotion. She read the poem, "A Mother's Charge." Mrs. Joe Jenkins read the "History of Mothers Day." Roll was answered with a new food the family enjoys.

The monthly news letter was read by Mrs. Junior Hammond. Mrs. Carl Raines, Mrs. Raymond Hurt and Mrs. Junior Hammond presented a scrapbook that they had prepared of the club history.

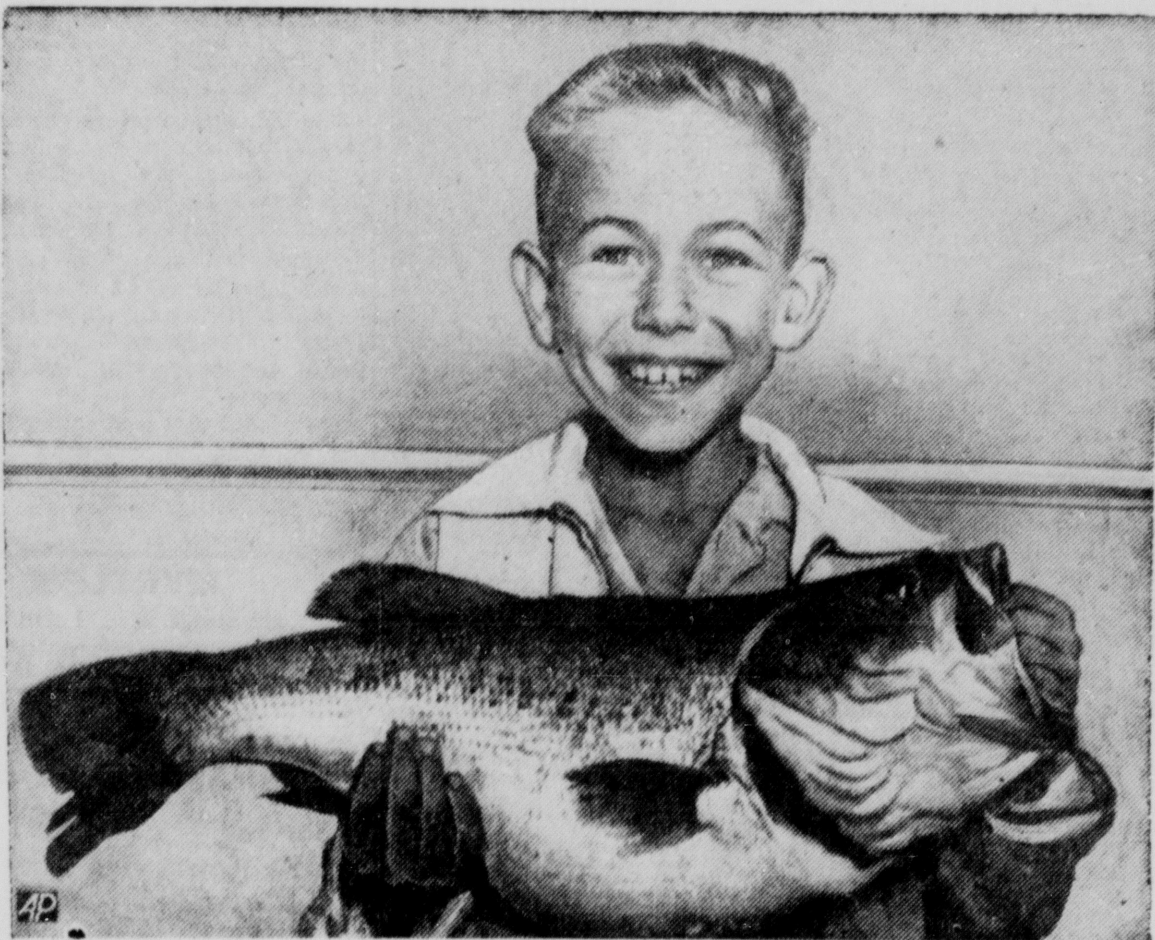

The extension clubs are stressing the value of milk in our diet during National Home Demonstration Week. A true and false test on "What do You Know about Milk and Cheese" was given. A check sheet showing the amount of milk used in our family meals was filled out by each member also recipes using milk in daily meals were distributed.

Miss O'Brian reminded the club that June is National Dairy Month and told some of the plans that the dairymen are using stressing the use of milk.

Mrs. Clay Leftwich announced that the material for weaving baskets has come. Those who are interested will meet Wednesday afternoon, May 12, with Mrs. Joe Jenkins.

Miss O'Brian talked about labor-saving kitchens. By means of a flannelgraph, she changed a poorly arranged kitchen into an attractive labor-saving one. She showed a miniature model kitchen and several snapshots of conveniently arranged kitchens.

Mrs. Tom Harvey and Mrs. Oscar Major presented a lesson on frozen food preparation. Mrs. Har-

Hal Boyle's Column— The Modern Davy Crocketts Are America's Suburbanites

By HAL BOYLE
NEW YORK — The Davy Crocketts of this generation are the suburbanites.

They are the kings of a new frontier—the housing developments springing up like maddened dandelion patches around the rim of every major American city.

These suburban settlers face more perils than ever confronted the original Davy Crockett. All he had to worry about were Indians, bears and bobcats. His trusty rifle proved to be weapon enough to deal with them.

Your new suburbanite, on the other hand, is confronted by all kinds of open and hidden menaces to his feeling of security and well-being—such as rising taxes, increasing commuter fares, spreading crabgrass, poison ivy, and that

Homemakers Have Afternoon Tea

The Longwood Homemakers Club gave a tea Thursday afternoon, April 14, at the home of Mrs. Raymond Hurt. Twenty Club members and a number of guests from the Prairie Ridge Extension Club were present.

Mrs. Loren Elkins was guest speaker for the afternoon. She and her family have spent 2½ years in Japan. She spoke on that country and the customs and habits of its people.

Mrs. Elkins also showed many pictures that were enjoyed by all present. The club presented her with a gift. After the program, cookies and coffee were served by Mrs. Bruce Claycomb.

very prepared spinach for freezing and made some quick jam from frozen strawberries. Boxes and wrappings were displayed for use in freezing foods.

The club voted to have a wiener roast Saturday night, May 21, at the home of Mr. and Mrs. Jack Greer.

Mrs. Bruce Claycomb will entertain the club June 7.

Police Families Aided

DETROIT — A group of businessmen calling themselves the Hundred Club have organized to help families of policemen killed in the line of duty. In its most recent case the club paid off a \$3,400 mortgage on the home of Mrs. Katherine Furgerson, paid a \$798 mortgage on her car and sent her a check for \$1,000. Sgt. Cashel Furgerson was killed on traffic duty.

4-H Round-Up

By Jim Perry
Assistant County Agent

County Livestock Show Planned

Plans have been made for the 1955 Pettis county 4-H Livestock Show. The Farm Bureau Dairy and Livestock Committees have the main responsibility of the show. However, a goodly number of 4-H project leaders were present at the planning meeting to lend a helping hand. If the size of the crowd at the planning meeting is any indication as to interest in the show, this will be one of the best.

Several committee members and project leaders have already turned in advertising money. Merchants and business men have been helping with the Show by purchasing advertising. In reality, they are investing money for the future because our rural youth today will be the farmers of tomorrow. This show is one of the highlights of the club year.

The committees selected August 13 for the date of the Show. This date for the Swine Pavilion has been cleared with Mr. Ross Ewing, Secretary of the Missouri State Fair. Also selected were the Superintendents of the Show. They are as follows: Hogs — Raymond Kahrs and Forrest Reid; Sheep — Joe Bill Reid and E. M. Green; Beef — E. H. Gregory and Tom Harvey; Dairy — Bill McCune and Earl Wood; Poultry — John Knaus and Mrs. Charles Keele. Coordinating the divisions of the show will be Dick Monsees, General Superintendent, and Lee Dow, Assistant General Superintendent.

Judges were suggested for the show but definite confirmation has not been received to date. 4-H Enrollments There will be 30 4-H Clubs participating in rural youth work this year. Two hundred ninety boys

and 277 girls have decided to work in this voluntary organization. The total enrollment of 567 is 73 less than last year's 640. However, I am hoping that a higher percentage of members will decide to complete what they have started this year.

Rural Youth Committee Meets

The Rural Youth Committee will meet Thursday evening, May 11, at the County Extension Office to select delegates for State 4-H Club Week, State Health and Conservation Camp, and Junior Leaders Camp. They will base their selections upon the information on a special application blank. Every 4-H member over 14 years of age was mailed an application form. These forms are due at the Extension Office by 5 p.m. Thursday, May 12.

Serving on the committee are: Mrs. P. S. Read, Mrs. Robert Longan, Mrs. J. T. Edmundson, Mrs. Albert Runge, Joe Bill Reid, Raymond Kahrs and Emmett Fairfax. State 4-H Club Week State 4-H Club Week will be held June 8-11 this year in the new Jesse Auditorium. The Auditorium is a new addition to the University of Missouri campus.

The fees for State Club Week will be \$10. This will cover housing and meals. I am sure that those attending will feel that the experiences gained at Club Week will be worth far more than the fee.

The theme of Club Week is "Improving Family and Community Living." Five outstanding speakers are scheduled for the event.

Citizenship Ceremony

Another Citizenship Ceremony has been planned for State Club Week. This ceremony is for 20 and 21 year old club members. This

ceremony will be a fitting climax to a successful 4-H Club career. It will be held at 8:30 Saturday morning, June 11th.

Any 4-H members who are interested in attending this ceremony should contact the Extension Office within the next week to ten days. This will be necessary so that we can notify Miss Zimmerman in time to get your Citizenship Scroll prepared. It has been the custom for each 4-H member who has reached voting age and who attends the citizenship ceremony, to receive a citizenship scroll.

Plan Demonstrations Now

Several 4-H members have told Miss O'Brian and me about their plans for Achievement Day Demonstrations. They are planning and preparing them now. I hope that we have more agricultural demonstrations this year than last year. A good agricultural county

like Pettis should have at least a dozen agricultural demonstrations. There are probably a number of boys who would give demonstrations if they received a little urging from the parents and leaders.

Put Emphasis On Judging Now

Now is the time to put emphasis on 4-H judging practice at project meetings. The county judging teams in Clothing, Food Preparation, Food Preservation, Home Furnishings, Home Grounds, and Vegetable will be selected.

The County Judging Day will be Saturday, June 25. This will replace judging at the local Achievement Day.

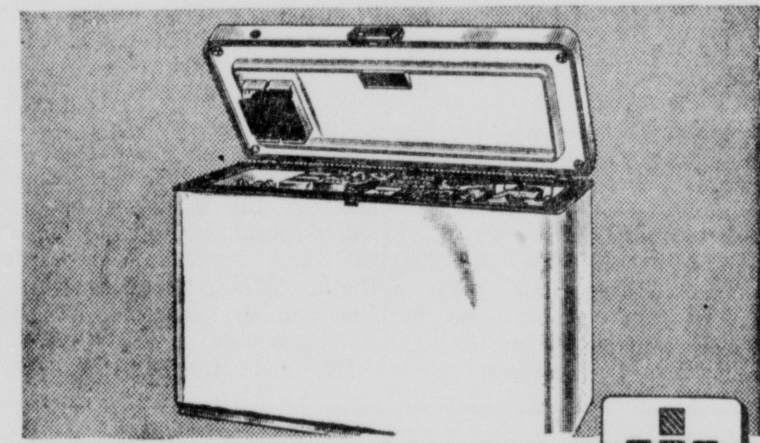

Project leaders in beef, dairy, hogs and sheep should be working members on judging also. This will give members a working knowledge of judging and the parts of animals before judging team tryouts are held.

TV Classes Predicted

DETROIT (AP) — The University of Detroit's president says closed-circuit television may offer a solution to skyrocketing college enrollments and a shortage of teachers.

"As realists," says the Rev. Celestin J. Steiner, S. J., "we must be convinced that we will never be able to cope with the challenge of swelling enrollments ahead if we adhere to present conventional teaching methods. There simply won't be enough competent teachers."

Employment Increase Soon Is Predicted

By SAM DAWSON

NEW YORK (AP) — Jobs have lagged behind the gains in factory output. But there are signs today that employment is rising and may catch up soon.

Industrial output is back to right around its 1953 peak. But fewer people are employed now than then. Instead, those who already have jobs have been putting in longer hours at the factory—and using better machines.

This trend is now changing. The Commerce Department notes that recently the tendency has been "to increase the number of employees in addition to extending working hours."

This, along with higher wage scales, has helped push the total income from wages and salaries to an annual rate of 167 billion dollars, six billion above a year ago.

A number of reasons are given for the lag of jobs behind output in the early stages of the business recovery that started last fall.

The Northern Trust Co. of Chicago notes that better equipment has played a large role. The bank figures there may have been a gain of about 9 per cent in output per man-hour in the last year.

When business was falling off in the second half of 1953, many manufacturers cut the total of workers by a greater percentage than they cut weekly hours. The Chicago bank says this apparently was "to eliminate some of the marginal, less efficient workers hired at the peak levels of activity."

To this, the First National City

Bank of New York adds the opinion that employment totals in 1953 were inflated because of "the inefficiencies of high-pressure defense production and the waste-encouraging effects of the excess profits tax."

Last fall factories stepped up output by increasing the work week rather than by large-scale rehiring.

The New York bank says: "In the early stages of recovery it is easier, and often more economical, to increase output through longer hours than to add more workers, especially when hiring becomes more efficient than overtime, and apparently that point is being reached in an increasing number of firms."
